Details of AVCLabs Black Friday Deals

\$100 off AVCLabs Video Enhancer AI

AVCLabs Video Enhancer is a video enhancer software that leverages the power of artificial intelligence to improve the quality of videos by sharpening, denoising, deblurring and lossless upscaling. Equipped with a dedicated Face Refinement model, it also excels in restoring blurry or out-of-focus faces. The software is also adept at increasing video frame rate and colorizing black-and-white videos.

Available for Windows and Mac Systems: Was \$299.90 /perpetual, Now \$199.90 /perpetual.

\$100 off on AVCLabs PhotoPro AI

AVCLabs PhotoPro AI is a versatile photo editor that automates photo editing workflow with a magnitude of AI-based features. This tool allows users to erase unwanted objects, cut out and customize photo background, increase photo size by up to 4x, enhance faces, colorize B&W photos, adjust color and more with a few clicks. Partial area editing is made possible by various

selection tools. Its next version will introduce a replacement AI feature, enabling users to create new objects based on text prompts.

Available for Windows and Mac Systems: Was \$169.90 /perpetual, Now \$99.90 /perpetual.

\$100 off on AVCLabs Photo Enhancer AI

AVCLabs Photo Enhancer AI is a dedicated photo enhancement software. This powerful tool uses AI technology to enhance photo quality, improve clarity, and bring out the best in images. It features AI upscaler, AI denoiser, AI colorizer and AI BG removal, offering similar functions to PhotoPro AI but designed to process a whole image. With a simple interface, this tool revolutionizes the photo editing experience for professional photographers or casual users.

Available for Windows and Mac Systems: Was \$159.90 /perpetual, Now \$99.90 /perpetual.

\$100 off on AVCLabs Video Blur AI

AVCLabs Video Blur AI is an AI-powered anonymization app to mask any unwanted objects in videos. By utilizing deep-learning algorithms, it automatically detects, recognizes, tracks and blurs selected targets including faces (all or selectively), license plates, foreground/background, etc. Users can also adjust the blur intensity and customize the blur area with a picture or some funny stickers.

Available for Windows and Mac Systems: Was \$159.90 /perpetual, Now \$99.90 /perpetual.

\$170 off on AVCLabs AI Bundle

AVCLabs AI Bundle groups Video Enhancer AI and Photo Enhancer AI together and sells them as a single product at a lower price, which is budget-friendly for users in need of both tools.

Available for Windows and Mac Systems: Was \$459.80 /perpetual, Now \$289.90 /perpetual.

All perpetual licenses are offered with a one-time payment, free updates, and technical support. With discounted prices above, the deals are run for a limited time until November 30, 2023. For more information about the deals, visit this page.
