

# Oilfield Surfactants Market Size to Surpass USD 12.5 Billion by 2029, at a 10.6% CAGR from 2022 to 2029

Global Oilfield Surfactants Market include BASF SE, Chevron Phillips, E.I. Dupont, Clariant AG, Dow Chemical, and Ashland Inc., and Clariant Oil Services

LUTON, BEDFORDSHIRE, UNITED KINGDOM, November 16, 2023

/EINPresswire.com/ -- According to a Comprehensive Research Report by Exactitude Consultancy, "[Oilfield Surfactants Market](#) by Type (Gelling Agents, Friction Reducers, Surfactants, Corrosion & Scale Inhibitors, Acids)

Application (Hydraulic Fracturing, Matrix Acidization, Acid Fracking) Region (North America, Asia Pacific, Europe, South America, Middle East & Africa), Global Trends and Forecast from 2022 To 2029", The market for Oilfield Surfactants to anticipate a rise from USD 3.6 billion in 2021 to USD 12.5 billion by 2029, at 10.6% CAGR over the appraisal period (from 2023 to 2029).

“

Oilfield surfactants market is witnessing substantial growth, driven by escalating oil and gas exploration activities, and the need for efficient chemical solutions in enhanced oil recovery processes.”

*Exactitude Consultancy*

The purpose of this report is to provide vendors with opportunity areas to pursue by breaking down the market opportunity by region and by segment. It was critical to comprehend the state of the market today and how it is expected to develop going forward in order to assess the opportunity.

To forecast the market, production and consumption patterns are closely compared. The expansion of the nearby market, the revenue growth of the major market vendors, scenario-based analysis, and the expansion of

market segments are additional factors taken into account when forecasting the market. The market was estimated using a top-down and bottom-up methodology, and the results were confirmed through industry interviews. This yielded the market size. We determined the

specialty chemicals by segment aggregation, taking into account the market's characteristics, as well as the specialty chemicals' contribution to diversified materials and vendor share.

A number of factors, including opportunities, trends, drivers, and constraints, were identified in order to estimate market growth. The effects of these factors were then analyzed to estimate market growth. We have examined the market's year-over-year growth in order to fully comprehend its expansion. In order to identify growth patterns, historical growth rates were also compared.

Our Free Sample Report Consists of the Following:

- Introduction, Overview, and in-depth industry analysis are all included in the 2023 updated report.
- About 100+ Pages Research Report (Including Recent Research)
- Provide detailed chapter-by-chapter guidance on Request
- Updated Regional Analysis with Graphical Representation of Size, Growth, and Share for the Year 2023
- Includes [Tables and figures] have been updated
- The most recent version of the report includes the Top Oilfield Surfactants Industry Players, their Business Strategies, Sales Volume, and Revenue Analysis
- Exactitude Consultancy Research methodology

Industry Development:

- In August 2020, Nouryon announced that it has expanded its surfactants plant capacity in Stenungsund, Sweden. This expansion also supports the growth for several products and sustainable technologies for markets including oil & gas, lubricants & fuels, and asphalt. This expansion is estimated to cost USD 13.07 million and is expected to complete in 2021. Through this expansion, the company will be able to enhance its product portfolio and cater to a wider customer base.
- In April 2020, Dow chemicals announced the expansion of its existing production plant in Tarragona, Spain. Through this expansion, the company will be able to increase its production capacity for products including lubricants, defoamers, specialty surfactants & ethoxylates, catering to the rising product demand from regions including Europe, the Middle East & Africa, and India.

## Oilfield Surfactants Market Competitive Landscape:

The major vendors in the Oilfield Surfactants industry are

- BASF SE
- Chevron Phillips
- E.I. Dupont
- Clariant AG
- Dow Chemical
- Ashland Inc.
- Clariant Oil Services
- Clariant International Ltd

Some Points On How the Report Benefits Stakeholders:

- The Oilfield Surfactants Market reports include historical (2018–2020) and forecast (2022–2028) data points, revenues, and CAGR in table, figure, and chart formats, with detailed and qualitative, supporting written information for each.
- The report contains insights regarding growth drivers, restraints, opportunities, trends, company profiles, strategic developments, expansion details, product launches, and various other aspects related to the market.
- Revenue break-up is provided for each segment in these formats for global, regional, and for each country in the respective region for each year between 2018 and 2028.
- The Oilfield Surfactants Industry report contains data and information on customers, competitors, vendors/distributors, and other players and in the global marketplace.
- The report contains company profiles of the top companies operating in the Oilfield Surfactants market along with their respective revenue and operating segments, geographical reach, market footprint, headquarters, growth rates, recent developments, product /services, expansion strategies, investments in expansion, and more.
- Oilfield Surfactants Market research analysis is vital for all crucial business strategies and can aid in numerous ways and to provide a clearer understanding about strategies being deployed by competitors, product launches, competitive analysis, technological advancements and various other factors that enhance sales of a firm or perhaps provide insights to focus on merger and acquisition as a strategy or enter into strategic agreements or joint ventures etc.

## Regional Analysis:

Oilfield Surfactants Market is being analyzed by North America, Asia-Pacific (APAC), Europe, Latin America (LATAM), Middle East & Africa (MEA) regions. Key countries including the U.S., Canada, Germany, France, China, India, Japan, Brazil, UK, Italy, Spain, GCC Countries, and South Africa among others were analyzed considering various micro and macro trends.

## Oilfield Surfactants Market : Risk Analysis

Expert analysts at Exactitude Consultancy have performed a risk analysis to determine how external extremities will affect the oilfield surfactants market. We examined the potential effects on the supply chain, distribution, and overall revenue growth of the Oilfield Surfactants Market from geopolitical influence, natural disasters, climate change, legal situations, economic impact, trade and economic policies, social and ethnic concerns, and demographic shifts.

## Key Market Segments: Oilfield Surfactants Market

### Oilfield Surfactants Market by Type, 2020-2029, (USD Million)

- Gelling Agents
- Friction Reducers
- Surfactants
- Corrosion & Scale Inhibitors
- Acids

### Oilfield Surfactants Market by Application, 2020-2029, (USD Million)

- Hydraulic Fracturing
- Matrix Acidization
- Acid Fracking

### Oilfield Surfactants Market by Region, 2020-2029, (USD Million)

- North America
- Europe
- Asia Pacific
- South America
- Middle East And Africa

## Frequently Asked Questions

- What was the impact of covid-19 on Oilfield Surfactants Market?
- What was the market value in 2022?
- Which region is a high share of the Oilfield Surfactants Market?
- What are the opportunities in Oilfield Surfactants Market?
- What is the forecast period of the Oilfield Surfactants Market?
