

CloudDefense.AI & Beround Addresses Critical Cybersecurity Challenges in the Hospitality Sector

CloudDefense.AI and Beround are set to host a live webinar titled "Cyberattacks in Hospitality: Defense, Awareness & Timely Response!".

PALO ALTO, CALIFORNIA, UNITED STATES, November 16, 2023

[/Einpresswire.com/](https://www.einpresswire.com/) -- The event will delve into the hospitality industry's escalating cyber threats, exemplified by recent breaches such as the ransomware attack on MGM Resorts

and the data compromise at Caesars Entertainment. The webinar promises a comprehensive examination of these incidents, providing attendees with detailed analyses and case studies.

Expert speakers, including Anshu Bansal, Founder & CEO of [CloudDefense.AI](https://www.clouddefense.ai/), Rohan Marfatia, CEO of Beround, and Hieu Ngo, Cyber Security Specialist and former Convicted Hacker, will go through the cybersecurity intricacies. They will share innovative defense strategies, crisis management insights, and a unique perspective on anticipating hacker moves, offering valuable strategies to fortify defenses against evolving cyber threats.

“

The hospitality industry is under siege from cyber threats. Our webinar will arm you with the knowledge to protect your business.”

*Anshu Bansal, CEO of
CloudDefense.AI*

Event Details:

Date: Thursday, 30th November, 2023

Time: 8:30 AM - 9:30 AM PDT

This must-attend event targets hospitality professionals, IT security teams, and tech enthusiasts. Register now for a spot in this essential discussion on combating cyber threats in the industry. Click [here](#) for Register.
