

G Cole looks to Latin America

We grow up in Jamaica, influenced by so many genres, so the appreciation for all genres is innate whether as an artist or as a listener"

USA, December 11, 2023

/EINPresswire.com/ -- In the cacophony of mainstream music, the prowess of a unique artist often, breaks through the noise, making an indelible impression on audiences. One such phenomenal musician is a South Florida-based artiste, G Cole. Revered for his dedication to variety, G Cole has an exciting, yet cohesive flavor to his music. He gifts his listeners with an inspired infusion of lovers rock reggae and Latin in his new track, 'She Said.'

G Cole's 'She Said' rolled out in early October and has since garnered significant attention. A collaborative effort with Ed Robinson, Ryan Smith, and Loc Frequency, 'She Said' is not just a song but a melding of sensibilities. It is deliberate in its flavor and targeted towards the Latin market, a demographic that has historically been receptive to Jamaican music.

The singer elaborates on his view of diversification, "It is very important to spread your wings musically. We grow up in Jamaica, influenced by so many genres, so the appreciation for all genres is innate whether as an artiste or as a listener."

The innovative musician recently returned from Costa Rica and is enthusiastic about the musical possibilities the region offers. The singer is eager to investigate the Latin market more, as reflected in his brilliant single 'She Said.' The song is a forerunner to his third album, which is expected to hit the circulation in March 2024.

G Cole's influence range from reggae to blues with an enduring love for the inclusive sounds of Stevie Wonder's timeless 1976 album 'Songs in The Key of Life.' This influence blooms beautifully in his music, as he steadily experiments with a mix of sounds. His adoration for Reggae's king, Dennis Brown, is also a noticeable stimulus shaping his unique vocal style.

Despite his love for reggae, G Cole does not cage his musical brilliance within the confines of a genre. He strongly believes that being an artist means enjoying a degree of creative liberty—freedom to experiment and explore. This belief is aptly demonstrated in his albums such as 'This Music Volume 1', 'Return to Vintage', and 'Ocho Rios', among others.

The inspiring artist has blazed a trail in the music industry with his refusal to be boxed into a genre. G Cole's commitment to his craft and his passion for spreading his wings charters an exciting course for his musical journey. With each new release, he continually expands his musical terrain, bends traditional sound boundaries, and introduces us to refreshing melodies we didn't know we needed.

'She Said' is one of those exploratory endeavors that lead him to fuse lovers rock reggae with the zest of Latin. Every new track unveils a different facet of G Cole's genius musicality. Fans of his music and ardent followers are consequently always on the edge of their seats, excitedly anticipating what fresh, innovative sound he will conjure next.

G Cole's musical journey redefines the conventional narrative emphasizing universality and infinite diversity. This positive trajectory continues to inspire countless aspiring musicians worldwide, uplifting the belief that music truly is a universal language.

To learn more about G Cole's melodious journey, stay updated by following him on all platforms @mygcole. The artist's dedicated exploration of a plethora of sounds continues to push the limits of what we know as mainstream music today. As he continues to challenge and redefine these thresholds, one thing becomes clear: in G Cole's world, music knows no boundaries.
