

# Stucco Market Statistics and Information is projected to reach USD 15.3 billion by 2026 | AMR

*stucco market is projected to reach \$15.3 billion by 2026, growing at a CAGR of 4.5% from 2019 to 2026*

OREGON, PORTLAND, UNITED STATES, November 17, 2023 /EINPresswire.com/ -- As per the report published by Allied Market Research, the [Stucco Market](#) by Construction Activity (New and Renovation Construction), Product (Traditional Three-coat Stucco, Exterior Insulating & Finish Systems, and Newer-one Coat Stucco), Insulation Type (Insulated Siding and Non-insulated Siding), and End Use (Residential and Nonresidential): Opportunity Analysis and Industry Forecast, 2019-2026" The global stucco market garnered \$10.7 billion in 2018 and is anticipated to hit \$15.3 billion by 2026, growing at a CAGR of 4.5% from 2019 to 2026. High purchasing power of end-users and development of the global construction industry boosted the growth of the stucco market. On the contrary, low consumer awareness toward the availability of stucco hinders the market. However, increase in demand from emerging economies would open new opportunities in the coming years.

The global stucco market report includes an in-depth analysis of the major market players such as BASF SE, RPM International Inc., Mapei S.p.A., General Electric (GE), Heidelberg, CEMEX S.A.B. de C.V., Sika AG, Fosroc International Ltd., and GCP Applied Technologies Inc.

The global stucco industry is segmented into construction activity, product, insulation type, end

use, and geography. Based on construction activity, the market categorized into new and renovation construction. On the basis of product, the market is bifurcated into traditional three-coat stucco, exterior insulating & finish systems, and newer-one coat stucco.

Based on insulation type, the market is segmented into insulated siding and non-insulated siding. The non-insulated siding segment is projected to portray the fastest CAGR of 5.4% during the study period. However, the insulated siding segment held the largest share in 2019, accounting for more than two-thirds of the market.
