About the 2023 Deloitte Technology Fast 500

Now in its 29th year, the Deloitte Technology Fast 500 provides a ranking of the fastest-growing technology, media, telecommunications, life sciences, fintech, and energy tech companies — both public and private — in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2019 to 2022.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least US\$50,000, and current-year operating revenues of at least US\$5 million. Additionally, companies must be in business for a minimum of four years and be headquartered

within North America.

#### About Beyond Limits

Beyond Limits is an industrial grade, Hybrid AI company that optimizes operations, boosts efficiency, and increases productivity for demanding industries including energy, advanced manufacturing, fintech and healthcare.

Beyond traditional artificial intelligence, the company's Hybrid AI solutions take a neuro-symbolic approach that uniquely combines human knowledge from domain experts with operational content to deliver solutions that reason, even with imperfect information. Trusted autonomy adapts to the degree humans need to be 'in-the-loop' for AI solutions to perform well in the real world to affirm trust in software-driven decisions, manage operational risk, and drive profitability.

Founded in 2014, Beyond Limits leverages a significant investment portfolio of advanced technology developed at Caltech's Jet Propulsion Laboratory for NASA space missions. The company has been honored by: Database Trends and Applications as one of their Awesome Companies in AI 2023; Frost & Sullivan as a Company of the Year for their 2021 Best Practices Award; and by CB Insights on their 2020 List of Top 100 Most Innovative Artificial Intelligence Startups.
