The world faces a tumultuous period, with widespread hardship and suffering, prompting global leaders to unite in the pursuit of peace. Dr. Hong, Tao-Tze, president of the Federation of World Peace and Love (FOWPAL), led the FOWPAL delegation to Malta from November 7 to 9 to spread the concepts of conscience, love, and peace. On November 9, the delegation visited Malta's Presidential Palace.

Prof. Frank Bezzina, right, Acting President of Malta, highly praised FOWPAL for bringing a culture of peace and love and signed the "Declaration of World Day of the Power of Hope."

“

Conscience is the basis for a good education and a positive economic cycle, and it is the key to the collective transformation of the world by global citizens.”

Prof. Frank Bezzina, Acting President of Malta, commended FOWPAL for fostering a culture of peace and love. Acting President Bezzina endorsed the "Declaration of World Day of the Power of Hope." This declaration underscores the significance of collective action driven by conscience and the power of hope in enhancing global security and sustainability.

While Maltese President George Vella visited Belgium, Prof. Frank Bezzina assumed the role of Acting President according to the constitution. Representing the President,

Prof. Bezzina warmly welcomed Dr. Hong, Tao-Tze and FOWPAL delegates. He expressed sincere gratitude to the delegation for making Malta the 102nd country visited by FOWPAL. He said that the smiles on their faces radiated a lot of positive energy.

Prof. Bezzina expressed that the world's current turbulent state means peace isn't an innate occurrence; rather, it necessitates collective efforts from global citizens to be achieved.

Prof. Bezzina, who was fully aware of FOWPAL's global advocacy for love and peace before the meeting, showed keen interest in Dr. Hong's "Compass Clock of Conscience." He promptly highlighted the three crucial representations it held — time, direction, and goal — a revelation that left the FOWPAL delegation pleasantly surprised and impressed.
