Dusit Thani Dubai Achieves Milestone: Nearly a Million Plastic Bottles Saved Through Water Bottling Initiative

“

We take meaningful steps to reduce single-use plastic, aligning with Dubai's vision & our Tree of Life Program, which reflects our dedication to fostering a more environmentally conscious future.”

Single-Use Plastic Elimination

Dusit Thani Dubai remains dedicated to eliminating single-use plastic materials across all operational aspects. As part of this commitment, the hotel's water bottling system, launched in 2022, has successfully produced a significant number of 1-liter water bottles. This sustainable approach has resulted in saving close to one million 500ml plastic bottles.

Dubai Government's Vision and Dusit International's Tree of Life Program

This initiative not only aligns with the Dubai Government's

vision for a more sustainable and eco-conscious city but also stands in harmony with Dusit International's Tree of Life Program. The Tree of Life Program embodies Dusit Thani Dubai's dedication to environmental stewardship, community engagement, and innovative solutions, setting an inspiring example for the hospitality industry.

Mr. Kishore Sathar, Director of Operations at Dusit Thani Dubai, expressed enthusiasm about the continued success of the water bottling system, stating, "Our commitment to sustainability goes beyond rhetoric. With the continued success of our innovative water bottling system, we are taking meaningful steps to reduce single-use plastic, aligning with the Dubai Government's vision and our own Tree of Life Program. This initiative reflects our dedication to fostering transparency, community engagement, and a more environmentally conscious future."

Dusit Thani Dubai maintains its position at the forefront of sustainable luxury, providing guests with an exceptional experience that prioritizes both their comfort and the well-being of the planet. The ongoing success of the water bottling system is another testament to the hotel's commitment to innovation and leadership in environmentally responsible hospitality.
