

Dareu Releasing Advanced Version of A950Pro 4K Gaming Mouse on Black Friday

Company offers state-of-the-art gaming mice for the ultimate playing experience

SHENZHEN, CHINA, November 23, 2023 /EINPresswire.com/ -- Dareu, a leader in gaming equipment and accessories, today announced a more high-end magnesium version of its popular A950Pro 4K mouse will be released on Black Friday. It will be priced at \$199.99 and available on [Amazon](https://www.amazon.com) and dareuesports.com.

Dareu's A950Pro 4K mouse, which launched in October, is \$99.99 and will be 30% off during Black Friday on Amazon and the company's website.

According to a Dareu spokesperson, "We are thrilled to offer gamers special discounts on our high-end gaming mice for Black Friday and the Thanksgiving holiday. The A950Pro three-mode wireless mouse now comes in two versions, which are extremely light weight. The difference between the two is that the magnesium version's cover and buttons are made of aluminum magnesium alloy. As a new type of metal material, Al-Mg alloy provides better hardness and lighter weight."

The A950Pro mouse supports wired, 2.4G wireless and Bluetooth 5.1 three-mode connection with a 300mAh battery.

The mice have an original PAW3395 sensor with 26000DPI, 650IPS and 50G acceleration, and come equipped with a Nordic52833 main control chip, supporting a long-distance mode. The mouse feels crisp and adopts PBT material buttons to improve the surface texture of the keys for comfort and speed.

Dareu products are so popular that the company will ship orders directly from the factory. The company offers a one-year warranty and free shipping and 15-day postage-paid returns.

The A950Pro wireless gaming mouse and Al-Mg alloy version mouse is available on sale at

Amazon.com □ <https://www.amazon.com/dp/B0CJFWBS3>

dareuesports.com □ <https://dareuesports.com/products/a950-pro-wireless-gaming-mouse>.
