A book that takes the reader on a journey to understand and style themselves.

NEW YORK, NY, UNITED STATES, November 21, 2023 /EINPresswire.com/ -- E&R Publishing is proud to announce a new title for 2023 in time for holiday gift purchases. [Glamoury](#), Find Your Beauty Through The Elements, by [Kim Bieber](#).

Seasonal color analysis, once big in the 80's, is back! It's trending on Instagram and TikTok thanks to Gen Z and Millennials who are searching for a personal way to sharpen their style. But until now, no incarnation of the system has taken the guesswork out. Author Kim Bieber notes that you either visit an expert or "type" yourself through quizzes and color-draping apps.

Glamoury, Find Your Beauty Through The Elements picks up where Color Me Beautiful, the New York Times bestseller of the 1980s, left off by adding an elemental component that "types" the reader accurately through numerology—but it's more than just colors, the wisdom gleaned from your element—Air, Water, Fire, or Earth—includes personality qualities and the most flattering fabrics, textures, hemlines, and necklines to wear. In fact, the book takes the reader on a journey to understand and style themselves, to allow the beauty within to show.

“Style is so much more than color. It's how you think, move, and feel, explains Bieber. In Glamoury, it's done through the ancient wisdom of the elements. The same wisdom that is the basis of healing practices in Chinese, Vedic, and Native American cultures. This has never been done before in fashion, and it is truly exciting.

Praise for Kim Bieber's Glamoury.
