Helium 10 Black Friday 2023 Offer

During the Black Friday 2023 event, Helium 10 is offering a 25% discount on the first 12 months of a subscription for new users. This discount represents significant savings, especially considering the comprehensive suite of tools and services Helium 10 provides for Amazon sellers. The exact amount saved will depend on the specific plan chosen by the user.

For instance, if a user opts for a plan that normally costs \$100 per month, over 12 months, they would typically pay \$1,200. With the 25% discount, they would save \$300 over the year, reducing the total cost to \$900.

It's also important to note that existing users who choose to upgrade their plans during this period can also avail of the 25% discount for a 12-month period, leading to similar savings based on the plan they upgrade to.
