## Key Benefits of the Integration:

**Seamless Payment Processing:** With SumUp Air, restaurant staff can process payments swiftly and securely. Customers can pay at the table, reducing wait times and enhancing their dining experience.

**Flexibility and Mobility:** SumUp Air is incredibly versatile, allowing servers to take payments anywhere in the restaurant. It's particularly useful for outdoor seating areas or food trucks, where traditional [POS systems](#) may not be practical.

**Cost-Effective:** SumUp Air offers competitive pricing with transparent fees, making it an affordable choice for businesses looking to upgrade their payment processing capabilities.

**Reliability:** SumUp Air rarely experiences payment failures, ensuring that transactions go smoothly and reliably.

## How to Integrate SumUp Air with Do Your Order:

1. Ensure that your mobile device and SumUp Air have Bluetooth enabled.
2. Access the payment button on the restaurant screen in Do Your Order.
3. Select "Terminal Payments" and choose SumUp as the credit card reader.
4. Begin billing as usual, and the amount will be automatically transferred to the credit card terminal.
5. Confirm the payment by inserting or tapping the card on the terminal.
