

Data-Driven Decision Making: Chartered Institute Launches Certified Predictive Modeling Specialist Certification Program

Chartered Institute of Professional Certifications Announces Launch of CPMS™ Program for Data-Driven Professionals and Predictive Analytics Specialists

SINGAPORE, December 5, 2023 /EINPresswire.com/ -- The [Chartered Institute of Professional Certifications](https://www.charteredcertifications.com) (www.charteredcertifications.com), a global

The CPMS™ program is tailored to produce specialists who can harness the predictive power of data to forge competitive advantages and robust, forward-looking strategies."

Bok Yan Lo

provider of high-caliber executive programs, is thrilled to announce the official launch of the Certified Predictive Modeling Specialist (CPMS™) program. This groundbreaking program is the result of a collaboration among industry-leading data scientists, predictive analytics experts, and seasoned educators, aimed at empowering professionals with the skills to master predictive modeling techniques.

The CPMS™ curriculum is designed to teach participants topics such as data preprocessing, advanced statistical methods, machine learning algorithms, model validation, and deployment strategies. Participants will acquire expertise in navigating complex data sets, extracting meaningful insights, anticipating market trends, and driving data-informed decision-making processes within their organizations.

"In an era where data is paramount, proficiency in predictive modeling is both an important and strategic asset for any organization." remarked Bok Yan Lo, Managing Director of the Chartered Institute of Professional Certifications. "The CPMS™ program is tailored to produce specialists who can harness the predictive power of data to forge competitive advantages and robust, forward-looking strategies."

The CPMS™ program, fully endorsed by the Chartered Institute of Professional Certifications, is structured to provide optimal flexibility, catering to diverse learning preferences through [on-demand](#) online modules and [live](#), instructor-led sessions.

Upon successful completion of the CPMS™ program, participants will be awarded the Certified

Predictive Modeling Specialist (CPMS™) certification, a professional credential signifying their command of predictive modeling. Additionally, the program boasts independent certification and accreditation by CPD, maintaining the standards of the most rigorous principles of Continuing Professional Development.

For more information about the CPMS™ program and to enroll, please visit the links provided:
