

Scaffolds USA, Inc. Secures Prestigious GSA Contract for Alufase and Layher Scaffolding Products

MIAMI, FL, THE UNITED STATES,
November 23, 2023 /

EINPresswire.com/ -- Scaffolds USA, Inc., a leading provider of innovative scaffolding solutions, is proud to announce that it has been awarded a General Services Administration (GSA) Multiple Award Schedule Contract by the United States government for the supply of Alufase and Layher scaffolding products.

This significant achievement underscores Scaffolds USA, Inc.'s commitment to excellence, quality, and meeting the diverse needs of government agencies across the nation. The GSA contract positions Scaffolds USA, Inc. as an approved supplier of Alufase and Layher scaffolding products, recognized for their exceptional durability, safety features, and advanced engineering.

The GSA contract is a testament to Scaffolds USA, Inc.'s dedication to providing top-notch solutions for a wide range of applications, from construction and maintenance to infrastructure projects. With Alufase and Layher scaffolding products now available through the GSA, government agencies can access industry-leading equipment that meets stringent safety standards while maximizing efficiency and productivity.

"We are honored to have been awarded this GSA contract, which reflects our commitment to delivering high-quality scaffolding solutions to government entities across the United States," said Peter Nilsson, President at Scaffolds USA, Inc. "Alufase and Layher products are known for their innovation and reliability, and we look forward to supporting government projects with these exceptional scaffolding solutions."

Under the terms of the GSA contract, federal agencies, state and local governments, and other authorized entities can now streamline their procurement process for Alufase and Layher scaffolding products through Scaffolds USA, Inc. This partnership aims to enhance the efficiency of government projects while ensuring the highest standards of safety and performance.

About Scaffolds USA, Inc.:
