[Physicians And Other Health Practitioners Market Growth](#)

The growth of the physicians and other health practitioners market is closely linked to stable economic conditions forecasted in numerous developed and developing countries. Projections by the International Monetary Fund (IMF) indicate a global GDP growth of 3.3% in 2020 and 3.4% in 2021. The recovery of commodity prices, particularly after a significant historic decline, is expected to further propel market growth. Developed economies, alongside slightly faster growth in emerging

markets, are anticipated to drive increased investments in end-user markets, fostering market expansion.
