Seller Assistant App Enhances Amazon Seller Experience with Innovative Browser Extension

Seller Assistant App transforms Amazon seller experience with its revolutionary browser extension, enhancing efficiency in product research.

SAN DIEGO, CALIFORNIA, UNITED STATES, November 24, 2023 /EINPresswire.com/ -- A browser extension tailored for Amazon sellers using the Online Arbitrage model has emerged, offering a streamlined approach to sourcing and analyzing data. This innovation delivers essential information for profitable product research directly on the product page, eliminating the need to navigate through multiple tabs. It conveniently allows users to save results in Google Sheets with a single click after analysis.

Designed specifically for Amazon sellers engaged in Online Arbitrage and Wholesale models, this application focuses on essential features, offering a cost-effective solution tailored to specific needs.

Nikolai Shapkin, an Amazon seller with extensive experience, shares his efficiency gains after adopting Seller Assistant App. He accelerated and enhanced his team's productivity by integrating the app into their product

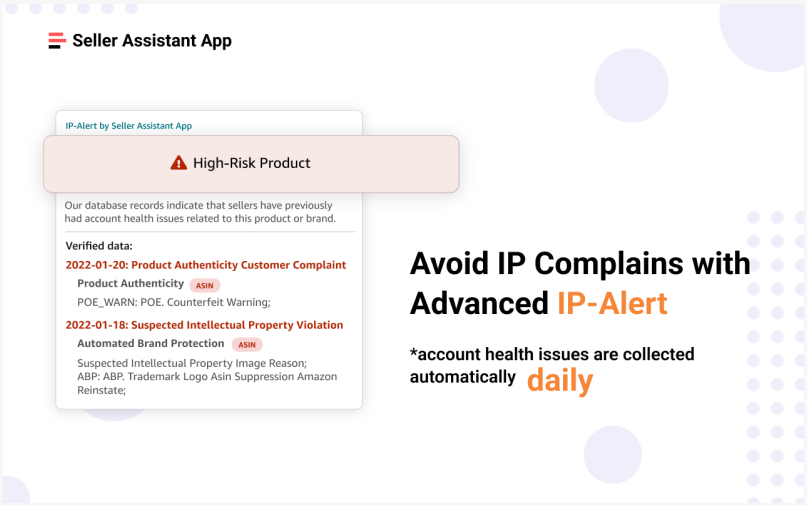
research process.

Seller Assistant App, a leading browser extension for Amazon sellers, introduces an all-in-one browser extension aimed at streamlining the Amazon selling experience for online arbitrage, drop-shipping, and wholesale sellers. This app provides indispensable features like the FBA Calculator, IP Alerts, and Stock Checker, empowering sellers with valuable product insights for informed decision-making.



Avoid IP Complaints with IP-Alert by Seller Assistant Extension

With a track record of analyzing over 200 million products and discovering more than one million arbitrage deals, Seller Assistant App has fostered a community of over 45,000 users worldwide, setting new standards in the Amazon selling landscape.

What sets this platform apart is its commitment to delivering invaluable product insights. It offers comprehensive data, from ASIN and BSR to Price Dynamics and ROI calculations, enabling sellers to make informed business decisions.

For Amazon online arbitrage enthusiasts, the platform offers a dedicated marketplace for buying and selling Amazon Online Arbitrage deals, simplifying the discovery of high-profit products and enabling users to save results directly to Google Sheets.

Wholesale sellers can leverage advanced features such as the Advanced IP Alert system, which tracks account health issues daily, and a Restrictions Checker, ensuring compliance with Amazon's policies.

Customers have praised the app's effectiveness. Lina Davis, a seasoned OA researcher, commends the extension, stating, "The most helpful extension for getting product information. It has practical functions, a rich interface, and is constantly improved."

Seller Assistant App offers flexible pricing plans, starting at $15.99 per month, ensuring accessibility for sellers of all sizes.
