

Author Mathew James Presents A Thought-Provoking Exploration Of The Hidden Messages Within The Stars

UNITED STATES, November 24, 2023
/EINPresswire.com/ --

In his independently published book, [“The Original Prophecy,”](#) [Author Mathew James](#) invites readers to question the teachings they have received about religion and explore a fascinating and untold story that has been concealed for thousands of years. Released on November 24, 2023, this enlightening book challenges our understanding of constellations and offers a fresh perspective on the Zodiac.

New Independent Book “The Original Prophecy” Challenges Traditional Views on Religion

The story begins by delving into the original 48-sign Zodiac, revealing a captivating narrative that has long been obscured. Drawing inspiration from the extensive research of Frances Rolleston, James explores the ancient names of stars and constellations. These names, preserved in various languages over the ages, have been expertly traced back to their original meanings, providing a rich tapestry of stories waiting to be rediscovered.

“The Original Prophecy” shines a light on the work of Frances Rolleston, who painstakingly pieced together the Zodiac Puzzle in the mid-19th century. Rolleston’s charts, descriptions, and documentation of star and constellation names form the foundation of this captivating exploration. James acknowledges the challenge of understanding Rolleston’s work and aims to bring her findings to a wider audience in a more accessible manner.

Throughout the book, James highlights the importance of looking beyond the surface of the night sky. He encourages readers to consider the possibility that the stars hold profound messages waiting to be deciphered. Combining the stars’ original names into cohesive sentences, a compelling story begins from the cosmos, providing a unique perspective on our place in the universe.

Author Mathew James brings a wealth of experience to his writings. With a background in

banking, real estate finance, and property preservation, he demonstrates a wide-ranging understanding of his subject matter. From managing properties to excelling in risk evaluation, his diverse career touches on many facets relevant to his exploration of the Zodiac.

James's personal journey from Catholicism to Baptist to Islam has deeply shaped his spiritual path. Drawing from the teachings of the Mazzaoth, Bible, and Qur'an, "Zodiac Perspectives" captures the essence of his unique perspective and offers readers a doorway to their own spiritual exploration.

"Zodiac Perspectives" is now available on Amazon and the author's website.
