

# BCS Concrete Structures Excels at Nutrabort Austin Headquarters Project

*Austin-based commercial concrete contractor, BCS Concrete Structures, achieves a milestone with the completion of Nutrabort Austin Headquarters.*

AUSTIN, TEXAS, UNITED STATES, November 30, 2023 /EINPresswire.com/ -- [BCS Concrete Structures](#), a leader in turnkey concrete construction projects, recently achieved a significant milestone at the Nutrabort Austin Headquarters, located off Bee Cave Road in West Austin. The Riverside Resources team constructed a complex deck formwork covering five cast-in-place levels for Nutrabort, owner of the C4 energy drink and workout supplement line.

The project required careful planning and execution to create a seamless integration of five cast-in-place concrete levels. The BCS team, under the adept leadership of Eric Izeta (Superintendent) and Leonel Perez (General Superintendent), was specifically tasked with navigating the intricate logistics of deck formwork installation. The result is a structure that meets the highest industry standards of durability and beauty.

Joseph Sanderson, Project Manager, commended the exceptional work, stating, "The BCS team led by Eric Izeta, Superintendent, and Leonel Perez, General Superintendent, did a fantastic job on this project. The project team took pride in their work from start to finish. We continue to receive compliments from Beck on the concrete finish, safety, cleanliness, and overall quality of the project."

BCS' successful completion of this [commercial concrete project](#) was despite a fair share of challenges such as strict site logistics and aggressive schedule demands.

"Our onsite crew and supervisors were cooperative, professional, and accommodating to the difficult site conditions, not only amongst our team but amongst all trade partners on the project," Sanderson added. "We are proud to say that we completed this project ahead of an

already tight schedule to beat contractual obligations.”

Despite initial difficulties, in the end, the leading [commercial concrete contractor](#) BCS Concrete Structures and Riverside Resources successfully delivered a flawless concrete structure for Nutrabolt, achieving completion in just 21.5 weeks.

BCS Concrete Structures a leading name as a commercial concrete contractor has established itself as a frontrunner in the industry by consistently delivering exceptional quality work. Their unparalleled expertise and ability to surpass expectations are what sets them apart from the competition. This recent success of the Nutrabolt project has again highlighted the construction service's skills that have made them a go-to in concrete construction.

#### About BCS Concrete Structures
