

Global Power Generation, Transmission And Control Equipment Market Forecast 2032 – Size, Drivers, Trends & Competitors

The Business Research Company's Power Generation, Transmission And Control Equipment Market Report 2023 – Market Size, Trends, And Global Forecast 2023-2032

LANDON, GREATER LANDON, UK, November 27, 2023 /EINPresswire.com/ -- [The Business](#)

[Research Company](#)'s global market reports are now updated with the latest market sizing information for the year 2023 and forecasted to 2032

The Business Research Company's global market reports are now updated with the latest market sizing information for the year 2023 and forecasted to 2032"

The Business Research Company

The Business Research Company's "[Power Generation, Transmission And Control Equipment Global Market Report 2023](#)" is a comprehensive source of information that covers every facet of the market. As per TBRC's market forecast, the power generation, transmission and control equipment market size is predicted to reach \$691.37 billion in 2027 at a CAGR of 5.8%.

The growth in the power generation, transmission and control equipment market is due to the relay and industrial control industry. Asia-Pacific region is expected to hold the largest power generation, transmission and control equipment market share. Major players in the power generation, transmission and control equipment market include Siemens AG, Schneider Electric SE, ABB Ltd., Nidec Corp, General Electric Company.

[Power Generation, Transmission And Control Equipment Market Segments](#)

- By Type: Transformer, Electric Motor And Generator, Switchgear And Switchboard Apparatus, Relay And Industrial Controls
- By Application: Residential, Commercial, Automotive, Other Applications
- By End User Sector: Private, Public
- By Geography: The global power generation, transmission and control equipment market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa.
