The Business Research Company's global market reports are now updated with the latest market sizing information for the year 2023 and forecasted to 2032

LONDON, GREATER LONDON, UK, November 27, 2023 /EINPresswire.com/ -- The [global industrial](#)

The market size of industrial land planning and development is expected to grow from \$17.64 billion in 2027 at a CAGR of 7.5%."

The Business Research Company

[land planning and development market](#), valued at \$12.23 billion in 2022, is anticipated to reach \$13.19 billion in 2023, exhibiting a steady compound annual growth rate (CAGR) of 7.9%. Despite challenges posed by the Russia-Ukraine war and disruptions from the COVID-19 pandemic, the market is poised for expansion, with a projected market size of \$17.64 billion by 2027, growing at a CAGR of 7.5%.

Driving Forces: Population Growth and Industrial

Warehouses Demand

The growth of the industrial land planning and development market is attributed to factors such as increasing population growth and a rising demand for industrial land. The surge in industrial warehouses, crucial for storing raw materials and finished goods, is expected to drive the market. E-commerce sectors, accounting for 60% of total absorption in 2020, increased to 83% in 2021, highlighting the significance of industrial warehouses. Architects are leveraging technological advancements to design vertically integrated inventory spaces, optimizing land utilization without expanding its physical footprint.

Key Players: Opus Group, ProLogis, Panattoni Development, IDI, Duke Realty

Major players contributing to the growth of the industrial land planning and development market include Opus Group, ProLogis, Panattoni Development Co., IDI, and Duke Realty Corp. These industry leaders are at the forefront of adopting technological advancements to enhance operational efficiency and sustainability.
