

In-Vehicle Infotainment Market Market Size to Surpass USD 41.05 Billion by 2029, at a 7.5% CAGR from 2022 to 2029

Market key players include Alps Alpine Co., Ltd., Samsung Electronics Co., Ltd., Panasonic Corporation, Pioneer Corporation, Audi AG, BMW Group

LUTON, BEDFORDSHIRE, UNITED KINGDOM, November 28, 2023 /EINPresswire.com/ -- Exactitude Consultancy, the market research and consulting wing of Ameliorate Digital Consultancy Private Limited has completed and published the final copy of the detailed research report on the [In-Vehicle Infotainment Market](#) Analysis Report.

According to a Comprehensive Research Report by Exactitude Consultancy, “In-Vehicle Infotainment Market by Component (Display unit, Control Panel, TCU, HUD), OS (Linux, QNX, MS, Others), Services (Entertainment, Navigation, e-call, Diagnostics) Global Opportunity Analysis, Region and Industry Forecast, 2022-2029”, The global In-Vehicle Infotainment Market is projected to reach USD 41.05 billion by 2029 from USD 21.41 billion in 2020, at a CAGR of 7.5 % from 2022 to 2029.

“

The In-Vehicle Infotainment Market is surging, driven by escalating consumer demand for advanced connectivity and entertainment features in automobiles.”

Exactitude Consultancy

All of the infotainment features of the car, such as media connectivity, music playback, navigation, tuner reception, and HMI, are combined into the in-car infotainment system. It provides solutions that enable digital life to be

experienced while traveling, such as audio/video entertainment and information content, radio, media player, TV and video, telephony, navigation, speech control, apps, and networking functions. Although there is a substantial demand for in-car infotainment in Europe and North America, Asia-Pacific continues to be the leading market.

Recent Developments

In March 2023, Alps Alpine Co. Ltd. allied with FreeBit (Japan) to develop a Web 3.0 business model. This alliance is expected to boost Alps Alpine Co Ltd.'s automotive infotainment system business by supporting new architectures.

In January 2022, Alps Alpine Co Ltd entered a joint venture with Qualcomm Technologies, which is expected to develop a digital cabin that uses High-Performance Reference Architecture (HPRA), Alps Alpine's original integrated electronic control unit (ECU) powered by the 3rd Generation Snapdragon Cockpit Platforms. This is aimed at enabling advanced infotainment and cockpit capabilities in the vehicle.

In January 2023, Garmin recently demonstrated its latest in-cabin solutions for the Automotive OEM at CES 2023. This system features four infotainment touchscreens, an instrument cluster, a cabin monitoring system, wireless headphones, wireless gaming controllers, smartphones, and various entertainment options. It is designed to be unified with a single SoC (system on chip).

In-Vehicle Infotainment Market Market Competitive Landscape:

The major vendors in the In-Vehicle Infotainment Market industry are

Alps Alpine Co., Ltd., Samsung Electronics Co., Ltd., Panasonic Corporation, Pioneer Corporation, Audi AG, BMW Group, Continental AG, Ford Motor Company, Visteon Corporation and Volkswagen AG.

Some points on how the report benefits stakeholders:

The In-Vehicle Infotainment Market Market reports include historical (2018–2020) and forecast (2022–2029) data points, revenues, and CAGR in table, figure, and chart formats, with detailed and qualitative, supporting written information for each.

The report contains insights regarding growth drivers, restraints, opportunities, trends, company profiles, strategic developments, expansion details, product launches, and various other aspects related to the market.

Revenue break-up is provided for each segment in these formats for global, regional, and for each country in the respective region for each year between 2018 and 2029.

The In-Vehicle Infotainment Market Industry report contains data and information on customers, competitors, vendors/distributors, and other players and in the global marketplace.

The report contains company profiles of the top companies operating in the In-Vehicle Infotainment Market market along with their respective revenue and operating segments, geographical reach, market footprint, headquarters, growth rates, recent developments, product /services, expansion strategies, investments in expansion, and more.

In-Vehicle Infotainment Market Market research analysis is vital for all crucial business strategies and can aid in numerous ways and to provide a clearer understanding about strategies being deployed by competitors, product launches, competitive analysis, technological advancements and various other factors that enhance sales of a firm or perhaps provide insights to focus on merger and acquisition as a strategy or enter into strategic agreements or joint ventures etc.

What are the market factors explained in the report?

Key Strategic Developments: The study includes key strategic developments of the In-Vehicle Infotainment Market, comprising R&D, new product launch, mergers and acquisitions, agreements, partnerships, collaborations, joint ventures, and regional growth of key competitors operating in the market globally and region.

Key Market Features: The report analyzed key market features including price, revenue, capacity, supply/demand, capacity utilization rate, gross production, production rate, market share, consumption, import/export, cost, CAGR and gross margin. Furthermore, the report also offers a comprehensive study of the key In-Vehicle Infotainment Market dynamics and its latest

trends, along with relevant market segments and sub-segments.

Analytical Tools: The Global Outsourced In-Vehicle Infotainment Market report includes accurately researched and analyzed data on the key industry players and their scope in the market through various analytical tools. Analytical tools such as Porter's five forces analysis, feasibility study, and ROI analysis have been used to analyze the growth of the key players operating in the market.

Regional Analysis

The In-Vehicle Infotainment Market market by region includes Asia-Pacific (APAC), North America, Europe, South America, and Middle East & Africa (MEA).

North America: includes the US, Canada, Mexico

Asia Pacific: includes China, Japan, South Korea, India, Australia, ASEAN and Rest of APAC

Europe: includes UK, Germany, France, Italy, Spain, Russia, and Rest of Europe

South America: includes Brazil, Argentina and Rest of South America

Middle East & Africa: includes Turkey, UAE, Saudi Arabia, South Africa, and the Rest of MEA

Frequently Asked Questions

What was the impact of covid-19 on In-Vehicle Infotainment Market Market?

What was the market value in 2022?

which region is a high share of the In-Vehicle Infotainment Market Market?

What are the opportunities in In-Vehicle Infotainment Market Market?

What is the forecast period of the In-Vehicle Infotainment Market Market?
