President and CEO of The
DCRO Institute*

“I highly recommend the Certificate in Cyber Risk GovernanceSM program offered by the DCRO Institute,” said Ms. Heath. “Because of it, I now have a better understanding of cyber risk as a strategic issue that is not owned solely by Information Technology but by the whole organization. Understanding the risks, establishing priorities, defining roles and responsibilities, and how to plan and react to cyber incidents are all part of cyber risk governance,” she continued. “Using the knowledge I gained in this program, I successfully created a NIST-recommended Cyber Security Framework for my organization.”

“We are especially pleased when we receive such strong statements of support for our program from people as knowledgeable and skilled in technology, data, and security as Evgin,” said David

R. Koenig, QRD®, President and Chief Executive Officer of the DCRO Institute. "We know she will be an even stronger business partner with her executive colleagues and in support of her board's work with the knowledge gained in this program."

The Certificate in Cyber Risk GovernanceSM is awarded to those who have completed an [extensive education program](#) led by a global suite of board members, leading C-suite technology executives, law enforcement, and intelligence experts, all with deep knowledge of technology and cyber. Candidate knowledge is validated by evaluation across all subjects covered.
