

IPEC: Pioneering Precision and Innovation in Global Markets

Transformative Journey from Defense Industry to State-of-the-Art Oral Care Technology

ANAHEIM, CALIFORNIA, USA,
November 28, 2023 /

EINPresswire.com/ -- [IPEC](#) Inc. ("IPEC" or "the Company"), an innovator in precision manufacturing, proudly unveiled its groundbreaking product, COMORAL, to the global audience at the 21st World Korean Business Convention in Anaheim, California, from October 11-14, 2023.

In preparation for its U.S. market debut, IPEC strategically introduced its flagship product, COMORAL, a groundbreaking innovation in oral care, on the global stage of the convention. The convention, which convened 29 promising Hi-Seoul Companies, backed by the [Seoul Metropolitan Government](#) in collaboration with the [Seoul Business Agency](#), provided an ideal environment for networking and fostering business growth.

IPEC, a pioneer in precision manufacturing since its establishment in 2000, has undergone a remarkable evolution from delivering top-notch precision molds and parts to becoming a certified defense industry provider in 2016, receiving official recognition from the Korean Government for military optical equipment.

In 2023, IPEC continued its excellence in defense-related ventures while expanding into new

COMORAL: 360° Teeth Cleaning in 1 Minute

frontiers. Responding to dynamic market demands, the company entered the military electronic equipment sector, securing contracts for control panels for the Korean Army. Concurrently, IPEC made strides into the civilian market, offering OEM/ODM services and achieving K-mark certification (PG12023-145) for its manufacturing facility.

World Korean Business Convention

A standout in IPEC's diverse portfolio is the revolutionary oral care device, COMORAL. This cutting-edge product targets "periodontal pockets" between teeth and gums, combating harmful anaerobic bacteria with a precisely targeted water spray. Featuring the innovative 'WATERET' mouthpiece with 60 water streams, COMORAL provides 360° coverage, effectively cleaning all 28 teeth in just one minute.

CEO Seung Won Kang expressed pride to prospective partners, stating, "As a company with exceptional manufacturing capabilities, we are fully devoted to meeting your specific requirements and delivering the products and services you desire. Furthermore, with the introduction of our innovative oral care device, COMORAL, at this event, we are enthusiastic about connecting with potential partners to pioneer the market. We eagerly anticipate exploring new opportunities together."

Emphasizing their commitment to innovation and excellence, CEO Kang highlighted that their participation in the World Korean Business Convention signified a dedication to pioneering precision manufacturing and introducing groundbreaking products like COMORAL to the world.

IPEC's journey has been marked by continuous technological advancements and recognition, from ISO certifications to the prestigious 2020 CES Innovation Award. The company's participation in the 2023 World Korean Business Convention in LA was pivotal, providing a global platform to showcase technological prowess and explore new business horizons.

IPEC's transformative journey from a defense industry provider to a global leader in precision manufacturing and promising oral care technology underscores its unwavering commitment to innovation and excellence. Beyond meeting market demands, IPEC envisions anticipating and surpassing them, actively seeking collaborative partnerships for a future where its technology and products are not only recognized but embraced on a global scale.
