

BCS Concrete Structures Prepares for its 3rd Annual Safety Rodeo Event

The Austin based concrete subcontractor has long been dedicated to improving safety on their job sites, with strong safety leadership at the helm.

AUSTIN, TEXAS, UNITED STATES,
December 19, 2023 /

EINPresswire.com/ -- Leading [commercial concrete subcontractor BCS Concrete Structures](#) is pleased to announce the forthcoming 3rd Annual Safety Rodeo. The announcement came through the company's official blog post.

The Safety Rodeo serves as a dedicated day to reinforce and advance BCS' safety practices on active job sites. On the field, injuries are always a great risk to workers in the construction industry. While OSHA regulations and rules help to mitigate these concerns, without a proper safety culture from the contractor companies themselves, severe accidents can become an unfortunate result.

To further prevent potential accidents on the job site, BCS Concrete Structures has begun hosting the Annual Safety Rodeo event for all BCS contractors. For a day, the event teaches workers proper safety protocols through hands-on training, reinforcing key learning points that are already in place.

This year, the event will focus on delivering eight specialized training stations, each centered on crucial facets of job site safety:

The BCS team during a safety workshop during the 2nd annual safety rodeo.

Fall Protection
Silica Control
Carpentry Safety
Hand Protection
Hammering Proficiency
Equipment Inspection and Maintenance
Concrete Pump Setup and Safety
Excavation Safety

BCS has long been dedicated to improving safety on their job sites. The Austin based [concrete subcontractor](#) has created a symbiotic relationship between safety and operations, with strong safety leadership at the helm. The result is an improved safety culture along with increased operational efficiency. With extensive training, safety events, regular classes, and updated initiatives, BCS is continuing its tradition of strengthening its team through safety.

The 3rd annual BCS Safety Rodeo is slated for December 15 from 7:00 a.m. to 12:00 p.m. and will be hosted at 12724 S. Highway 183, Mustang Ridge, TX 78610.
