The CGAI™ program is meticulously designed to meet this demand, providing professionals with cutting-edge skills and a deep understanding of Generative AI.”

Bok Yan Lo

renowned leader in certified executive programs and professional training, is excited to announce the launch of the Certified Generative AI Specialist (CGAI™) program. Developed in collaboration with AI thought leaders and industry experts from esteemed institutions, this innovative program is designed to equip professionals with essential skills and knowledge to thrive in the ever-evolving realm of Generative AI.

The CGAI™ program offers an extensive curriculum, covering essential topics such as fundamentals of AI and machine learning, deep learning architectures, ethical considerations in AI, and practical applications of Generative AI models. Participants will engage in a dynamic learning experience, gaining valuable insights through hands-on workshops, case studies, and real-world project simulations.

"As Generative AI transforms industries and reshapes the future of technology, there is an increasing demand for skilled specialists who can responsibly and innovatively harness its potential." said Bok Yan Lo, Managing Director of the Chartered Institute of Professional Certifications. "The CGAI™ program is meticulously designed to meet this demand, providing professionals with cutting-edge skills and a deep understanding of Generative AI."

Accredited by the Chartered Institute of Professional Certifications, the CGAI™ program offers flexible learning options, including [on-demand](#) and [live](#) instructor-led sessions, ensuring accessibility and convenience for professionals around the world.

By completing the CGAI™ program, participants will earn the Certified Generative AI Specialist

(CGAI™) designation, a globally recognized and trademarked credential. This designation is exclusively awarded to those who successfully complete the accredited program and pass the certification exam. The CGAI™ program is independently certified and accredited by CPD, adhering to the Continuing Professional Development standards.
