

AWS Recognizes Bepin Global MEA as 'System Integrator Partner of The Year' at the 2023 UAE AWS Partner Awards

DUBAI, UNITED ARAB EMIRATES,
November 29, 2023 /

EINPresswire.com/ -- Amazon Web Services, Inc. (AWS), an Amazon.com company, today announced the 2023 UAE AWS Partner Award winners, recognizing leaders who are vital in helping customers drive innovation and build solutions on AWS.

The 2023 System Integrator Partner of the Year Award for the Middle East & North Africa went to Bepin Global MEA, a leading cloud consultancy and management firm, acknowledging the e& enterprise company as a top AWS Partner in demonstrating remarkable results for customers, supporting clients through large-scale cloud migrations to scale business, upskilling employees to deepen digital transformation, and helping customers seize opportunities and unlock benefits of the AWS Cloud platform.

The AWS Partner Awards recognizes its top partners and rising stars of the year whose business models have embraced specialization, innovation, collaboration, and continuing to evolve and thrive on AWS while working with their customers. The award also recognizes its partners that have provided significant contributions to revenue-launched opportunities, net-new certified individuals, and AWS designations earned.

Earlier this year, Bepin Global MEA entered into a joint venture with e& enterprise, enriching its service portfolio and expanding its share in the Middle East, Turkey, Africa, and Pakistan (METAP) markets. By utilizing the capabilities of both companies, Bepin Global MEA offers a wealth of experience in managing mission-critical systems and providing guidance to clients to launch innovative digital services, improve their competitive edge, and elevate customer experiences.

"The award underscores not just our technical prowess in delivering top-notch solutions but also serves as a testament to how Bepin Global is supporting customers in utilizing the AWS Cloud to drive innovation, improve efficiency, and achieve tangible business results," said Miguel Angel

Villalonga, CEO, e& Enterprise Cloud. "AWS experts have recognized that our new facilities clearly demonstrate Bepin Global MEA's advancements in transforming the UAE's digitalization journey, which is in line with our ambition to promote innovation through developing cutting-edge cloud solutions."

The AWS Partner Network (APN), is a global partner programme, focused on helping partners build successful AWS-based businesses or solutions by providing business, technical, marketing, and go-to-market support. The APN includes Independent Software Vendors (ISVs) and Systems Integrators (SIs) around the world, with AWS Partner participation growing significantly during the past 12 months.

Bepin Global MEA, in the past year, opened its new headquarters in Abu Dhabi featuring a Cloud Operations Centre and an all-new Bepin Global Training Academy.

Through its 'first-of-its-kind' automated Cloud Operations Centre, Bepin Global MEA provides 24/7 customer service, thus, helping customers navigate the region's nascent cloud security landscape.

Meanwhile, Bepin Global Training Academy integrates outcome-driven courses, hands-on laboratories, and performance-based tests to assess, train, and validate competency and skills using technologies provided by the company.

"System integrators serve as a catalyst, driving enterprises to unlock the full spectrum of progressive business value from AWS's extensive array of services. We are proud to have developed a broad portfolio of capabilities on AWS to assist our customers scale at speed all while enhancing cost efficiency," said Mouteih Chagil, CEO of Bepin Global Middle East and Africa.

Bepin Global MEA, a pioneer APN member since 2016, has been awarded the prestigious Premier Tier Partner status, AWS MENA Partner of the Year 2022, in addition to the distinguished title of AWS DevOps Partner of the Year in 2020 and 2021.
