

Viking Pest Control Joins Forces with Beasley Media's WJRZ to Make a Difference with a Food Drive

Viking Pest Control Collaborates with WJRZ 'Share the Joy' Charity Event: A Heartwarming Success as Community Engagement Soars Through Generous Food Donation

BASKING RIDGE, NJ, USA, November 29, 2023 /EINPresswire.com/ -- Viking Pest Control, a leading provider of pest management services in NJ, PA, DE and the Eastern Shore of Maryland, proudly announces its recent participation in Beasley Media's WJRZ Share the Joy charity event.

The company's dedication to ensuring a healthy and safe living environment extends beyond its primary business of managing and controlling pests. By actively engaging in community initiatives, Viking Pest aims to improve the well-being of communities and enhance the overall quality of life.

The charity event, aptly named "Share the Joy," perfectly aligns with Viking Pest Control's commitment to putting communities first. Through a remarkable team effort, the company collected a truckload of donations, showcasing the generosity and compassion of its team members. Every branch and administrative team contributed, and even remote workers participated by donating cash, which was used to purchase additional food items.

"Our annual food drive is a source of immense pride for our company," said Eric Gunner, Pest Management Professional at Viking. "Witnessing the dedication and enthusiasm of our team members as they come together to support those in need is truly heartwarming. Their generosity has made this donation possible, and we are incredibly grateful for their contributions. We are delighted to have taken part in WJRZ's Share the Joy event this year."
