

Highlights from Construction Links Network - November 30, 2023

The latest news, blogs and videos for the construction and building industry.

SUNDRE, ALBERTA, CANADA,
November 30, 2023 /
EINPresswire.com/ -- Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more.

Members use this platform to share and onboard their digital content including news releases, company announcements, blogs, podcasts, webinars, case studies, whitepapers, videos and more.

The top video this week comes from Waterfront Toronto who give us their November update on the progress being made on The Port Lands Flood Protection Project. The plan is to reconnect the Don River to Lake Ontario by creating a naturalized river mouth. This is one of the biggest infrastructure projects in Toronto's history.

Content this week includes:
