

City of Brookings, SD, to Build Online Budget Book with OpenGov

The new platform will help engage departments more effectively in the budget process, allowing them to gain strategic insights.

SOUTH DAKOTA, UNITED STATES,
December 7, 2023 /EINPresswire.com/

-- Wanting to eliminate the need for budgeting with Excel and increase departmental engagement, the City of Brookings, SD, was looking for a comprehensive solution to revolutionize its budget management. Identifying [OpenGov](#) as the ideal partner, the City embraced the platform for its innovative, user-friendly approach to budgeting and planning.

Located an hour from Sioux Falls, the City of Brookings is a vibrant, bustling small community. In its search for improvement, the City wanted a system that could create a better budget book while reducing the need for time-consuming manual processes. The City also wanted a solution that could offer strategic insight into the budgeting process while enhancing internal and external transparency. After an exhaustive search [OpenGov Budgeting & Planning](#), with its modernized approach and enhanced capital planning capabilities, stood out as the top choice.

With OpenGov Budgeting & Planning, the City of Brookings will soon have the tools to realize a transformation in how it approaches budgeting. The new platform will help engage departments more effectively in the budget process, allowing them to gain strategic insights. Additionally, the adoption of OpenGov Budgeting & Planning is expected to modernize Brookings' budget book, catering to the needs of a growing community and providing improved transparency.

The City of Brookings joins thousands of public sector organizations leveraging OpenGov to revolutionize work processes with cloud-based software designed specifically for the needs of government.
