This series is a transformative journey for every physical therapist aiming to excel in their practice."

*Dr. Dimitrios Kostopoulos,  
Chairman of the Board*

announce the 2024 Private Practice PT Innovation Program, an exclusive series of live broadcasted and virtual events designed for physical therapists in private practice. Amidst the challenges of decreased reimbursements, staffing difficulties, and competitive pressures, this groundbreaking program is set to lead physical therapists towards a thriving future through innovation.

Event Series Overview:

The 2024 Private Practice PT Innovation Program is a blend

of webinars and live broadcasted events, strategically scheduled throughout the first and second quarters of 2024. This timing is deliberate, enabling PT business owners to implement effective strategies for practice expansion and success early in the year. Dr. Dimitrios Kostopoulos, Chairman of the Board of Hands-On Diagnostics, who will be hosting the series of events, shared his enthusiasm for the program: "In the face of evolving challenges in physical therapy, innovation becomes not just an option, but a necessity. The 2024 Private Practice PT Innovation Program is our response to these challenges - a beacon of hope and progress for practitioners. We're not just discussing the future; we're actively shaping it with cutting-edge strategies and insights. This series is more than just a set of events; it's a transformative journey for every physical therapist aiming to excel in their practice. I am thrilled to guide our attendees through this unparalleled experience of learning and growth."
