NEW YORK, UNITED STATES, December 4, 2023 /EINPresswire.com/ -- "A story of love, death, and survival that had me hooked from the first page."

"It's not often you see a romantic novel that also focuses on other aspects of the character's life. I loved every minute of this book."

The Last Train from Montreux

This gripping novel, about love, near death, survival, rebirth, and new beginnings, focuses on the main character, Noel Smith, a lapsed Catholic. His world is turned upside down when he meets Anna Marie on his annual ski trip. That first meeting was enough for Noel Smith, a brilliant law student then but ultimately a

successful American attorney. He knew that this woman would be the love of his life. However, when they finally acknowledge their love after four long years, an ambiguous question ends their courtship. But Noel never forgets her.

Noel has an outstanding legal career. However, he suffers through the tragic death of his wife and child. He then sublimates his life to his career.

Years later, he must deal with a family secret that changes his understanding of his identity. He then miraculously finds his way back to the love of his life after he is ready to forsake it all. Love always finds a way back!
