

GBI Announces Class of 2023 Green Globes and Guiding Principles Compliance Fellows

PORTLAND, OREGON, UNITED STATES,
December 5, 2023 /EINPresswire.com/

-- The Green Building Initiative (GBI) celebrates the recognition of seven individuals with distinctions of Green Globes Fellow (GGF) and Guiding Principles Compliance Fellow (GPCF). GBI's Fellow program, introduced in 2021, recognizes those who have demonstrated outstanding success in the improvement of the built environment through GBI's Green Globes certification and/or Guiding Principles Compliance verification systems and promote sustainable, resilient buildings that promote health and wellness for users.

and promote sustainable, resilient buildings that promote health and wellness for users.

Green Globes Fellows and Guiding Principles Compliance Fellows are expert users of GBI programs who contribute to the shaping of GBI's educational content and tool development and are regarded as exceptional leaders in the green building industry who drive meaningful change. These design, construction, and sustainability professionals drive innovation and support others' commitments to reduce the impacts of climate change.

"GBI is honored to recognize the Class of 2023 Green Globes Fellows and Guiding Principles Compliance Fellows and welcomes these passionate leaders to this highly respected community," said Vicki Worden, GBI's President & CEO. "These individuals have demonstrated a deep commitment to increasing access to a sustainable, healthy, and resilient built environment while advocating for an open market to drive innovation."
