Seize your share of the Future at Excelsior Web3 opportunities

Early stage crypto enthusiasts can now participate in the seed and strategic funding rounds of [Aether Games](#), an emerging gameFi startup. This initiative forms a part of EnigmaFund's strategic investment and advisory role in Aether Games, where they serve to support company initiatives.

“

GameFi projects like Aether Games represent the next wave of startups in Web3 that focus on mass onboarding of new users into crypto. Account abstraction, focus on gameplay and value are at the fore.”

*Enigma, GP and Founder at
EnigmaFund*

This collaboration represents a significant milestone for EnigmaFund in its commitment to supporting gameFi and Web3 startups and the wider crypto economy.

Aether Games has recently secured an exclusive partnership to produce online games for a major billion dollar fantasy series franchise, promising a novel blend of storytelling and interactive gaming enhanced by crypto tokenomics and utilities. This partnership is expected to transform the gaming experience, bringing a rich fantasy universe to life.

Aether Games has already launched a successful beta version of its game, and its partnership with EnigmaFund is seen as a strategic and innovative move. EnigmaFund's involvement on Aether Games' advisory board includes focusing on go-to-market strategies, preparation for their upcoming token generation event, and enhancing tokenomics in collaboration with CoinCraft.
