Driving Force: Rise of Start-Ups as Key Clients

The market is set to be driven by the emergence of start-ups as major clients for leasing service providers. Fueled by cost efficiency and the need to access advanced but high-priced equipment, start-ups are increasingly opting for equipment rental or leasing. The global start-up landscape is witnessing a surge, with India alone recording 16,000 start-ups in 2020, as per the Department for

Promotion of Industry and Internal Trade. This surge in start-ups presents new opportunities for the leasing market, contributing to client expansion and revenue generation.

Key Players Shaping the Market

Major companies in the machinery leasing market, including General Electric Company, United Rentals Inc., Tokyo Century, Berkshire Hathaway Inc., Ashtead Group plc, AerCap Holdings N.V., Fuyo General Lease Co., Ltd., Netjets, Nissan Motor Co Ltd., and Air Lease Corporation, play a

pivotal role in steering the market's growth.

3D Printing Equipment Leasing Trends

Companies are increasingly turning to leasing for 3D printing equipment in their manufacturing processes. Industrial-grade 3D printers, known for their capability to produce large products with high precision using various materials, are gaining popularity. Leasing 3D printers proves to be a cost-effective alternative for manufacturers, reducing overall costs compared to outright purchases. For example, Divide by Zero Technologies offers 3D printers on lease for customers in India.
