

CRENTOP Unveils the CREN MC01: A Multi-Functional Lantern Speaker with TWS Sound on Kickstarter

The product boasts numerous remarkable features for any discerning outdoor enthusiast.

WILMINGTON, DELAWARE, UNITED STATES, December 5, 2023 /EINPresswire.com/ -- [CRENTOP](#), a leader in innovative light sources and tools, is proud to announce the launch of its brand-new product on Kickstarter, the [CREN MC01 Handheld Lantern Speaker](#). This highly versatile device is set to disrupt the outdoor and camping experience, packing 8 functions and 25 lighting modes in a compact, pocket-sized design.

According to the company, the CREN MC01 is not just a lantern; it's a multi-purpose tool that caters to various outdoor needs. With its TWS (True Wireless Stereo) Bluetooth speakers, users can enjoy synchronized lightshows pulsating to their favorite music. The [camping lantern](#) also boasts a powerful 1000-lumen output, providing bright illumination up to 240 meters, and includes a range of features such as a flashlight, ambient light, dynamic lightshow, colored breathing light, and emergency strobe and SOS pattern.

Not only that, but the CREN MC01 also serves as an emergency power bank with its 5000mAh battery, ensuring 37 hours of continuous lighting and sound. Its intuitive one-button control allows easy navigation through various lighting modes, while its IP65 waterproof rating makes it ideal for all weather conditions.

"We are excited to introduce the CREN MC01 Camping Lantern to the outdoor enthusiasts' community," says founder of CRENTOP, Bevis Long. "It truly is more than just a lantern; it's an adventure companion that brings light and music to your outdoor experiences. Whether you're camping, hiking, or just enjoying a backyard gathering, the MC01 enriches your activities with its versatile functionalities."

For consumers, the CREN MC01 Lantern Speaker offers a host of innovative and useful features, including:

- 8 versatile functions and 25 exciting lighting modes
- TWS Bluetooth, dual-pairing speakers for an incredible, synchronized light and sound experience
- Maximum brightness of 1000 lumens with a beam reach of a whopping 240 meters

- Perfect pocket-sized design with IP65 waterproof rating
- 5000mAh battery that doubles as a powerful power bank
- Tough and durable exterior for any adventure
- Remarkable 37-hour battery life
- And so much more

Today, CRENTOP invites outdoor enthusiasts to support their Kickstarter campaign and be among the first to experience this unique gadget. To commemorate this special occasion, backers can choose from various reward tiers, including early bird specials and bundled offers.
