

# BABOR X Cevin Parker The Art of Beauty Collection: Limited Edition 14 Day Ampoule Set

MIAMI, FL, USA, December 7, 2023 /EINPresswire.com/ -- [BABOR](#), expert skincare made in Germany since 1956, introduces a new 14-day limited-edition set with German artist, Cevin Parker, launching at Art Basel.

BABOR, Europe's #1 professional skincare brand, and pioneers in expert skincare ampoule innovation, use state-of-the-art ingredients in their highest concentration so each clean formula imparts a daily dose of scientific and plant-based actives to boost one's complexion. The new collection is a professional curated skin journey to beautiful skin in just 14 days.

Cevin Parker is an artist based in Berlin who uses color emotionally as a constantly evolving source of inspiration in his abstract paintings. Parker is self-taught, and creativity runs in his blood as an artist.

As such, he reflects his subconscious, inspired by concepts of an impulsive vision or an unexpected muse. His paintings evoke bizarre notions of abstraction and the American color field painters of the 1950s and 1960s.

"Self-care is the most important thing for everyone. My art is about self-love. BABOR is about self-care. It's a perfect match" – Cevin Parker
