#### Recent Developments

In September 2022, Turtle wax inaugurated its first car care service and detailing center in Mumbai (India).

In 2021, Tata Motors (India) collaborated with several car care products brand to offer car care services in its workshops.

In March 2021, Soft99 Corporation launched the Fukupika Wash & Wax Gen.5 and G-Jetta.

In February 2021, Altro Group launched The Royal Warranted car-care expert's new Fogger that requires just 10 minutes to work, helping mask nasty smells behind a pleasant minty freshness thanks to its simple 'one-shot' operation.

In May 2019, Castrol India and 3M India teamed up to launch an assortment of vehicle care products. Under the purview of this collaboration, a range of 3M-Castrol branded bike and car care products, such as glass cleaner, shampoo, dashboard, and tire dressers, cream wax, etc., will be retailed in India.

In May 2019, Liqui Moly has continued its collaboration with the Italian motorcycle manufacturer Betamotor. Since 2014, all the motorcycles manufactured at the Beta plant have Liqui Moly oil in their engines. The two companies have now decided to extend their cooperation up to 2021. This partnership includes additives, care products, service products, etc., that are geared specifically toward motorcycles

Some points on how the report benefits stakeholders:

- The Car Care Products Market reports include historical (2018–2020) and forecast (2022–2029) data points, revenues, and CAGR in table, figure, and chart formats, with detailed and qualitative, supporting written information for each.
- The report contains insights regarding growth drivers, restraints, opportunities, trends, company profiles, strategic developments, expansion details, product launches, and various other aspects related to the market.
- Revenue break-up is provided for each segment in these formats for global, regional, and for each country in the respective region for each year between 2018 and 2029.
- The Car Care Products Industry report contains data and information on customers, competitors, vendors/distributors, and other players and in the global marketplace.
- The report contains company profiles of the top companies operating in the Car Care Products market along with their respective revenue and operating segments, geographical reach, market footprint, headquarters, growth rates, recent developments, product /services, expansion strategies, investments in expansion, and more.
- Car Care Products Market research analysis is vital for all crucial business strategies and can aid in numerous ways and to provide a clearer understanding about strategies being deployed by competitors, product launches, competitive analysis, technological advancements and various other factors that enhance sales of a firm or perhaps provide insights to focus on merger and acquisition as a strategy or enter into strategic agreements or joint ventures etc.

What are the market factors explained in the report?

**Key Strategic Developments:** The study includes key strategic developments of the Car Care Products, comprising R&D, new product launch, mergers and acquisitions, agreements, partnerships, collaborations, joint ventures, and regional growth of key competitors operating in the market globally and region.

**Key Market Features:** The report analyzed key market features including price, revenue, capacity, supply/demand, capacity utilization rate, gross production, production rate, market share, consumption, import/export, cost, CAGR and gross margin. Furthermore, the report also offers a comprehensive study of the key Car Care Products dynamics and its latest trends, along with relevant market segments and sub-segments.

**Analytical Tools:** The Global Outsourced Car Care Products report includes accurately researched and analyzed data on the key industry players and their scope in the market through various analytical tools. Analytical tools such as Porter's five forces analysis, feasibility study, and ROI analysis have been used to analyze the growth of the key players operating in the market.

## Regional Analysis

The Car Care Products market by region includes Asia-Pacific (APAC), North America, Europe, South America, and Middle East & Africa (MEA).

North America: includes the US, Canada, Mexico

Asia Pacific: includes China, Japan, South Korea, India, Australia, ASEAN and Rest of APAC

Europe: includes UK, Germany, France, Italy, Spain, Russia, and Rest of Europe

South America: includes Brazil, Argentina and Rest of South America

Middle East & Africa: includes Turkey, UAE, Saudi Arabia, South Africa, and the Rest of MEA

Asia Pacific is expected to be the fastest growing market

The market that is predicted to grow the fastest is Asia Pacific. These findings can be explained by a number of factors. Firstly, there has been a rise in car sales in some of the region's biggest markets, including China and India. Second, people can now afford to spend more lavishly on car maintenance because they have more disposable income and are more aware of the importance of maintaining a vehicle. Thirdly, there is a growing market for used cars in this area, with the best-kept vehicles commanding a premium price. It is anticipated that the growth of auto care businesses, including 3M, ITW, Wurth Group, and others, will increase consumer demand for car care goods.
