Some of the key players profiled in the study are SE, BMS Micronutrients, Akzo Nobel N.V., Haifa Chemicals Ltd., Protex International, Valagro SPA, Van Iperen International, Deretil Agronutritional, Shandong Iro Chelating Chemicals Co. Ltd., Yara International, and other Prominent players.

#### Industry News:

06 October 2020: Valagro, a leader in the development, manufacture, and marketing of bio stimulants and specialized nutrients for crops, signed a contract transferring Syngenta Crop Protection 100% of its ownership and assets.

08 September 2022: AgroCares, a global ag-tech company delivering data-driven solutions for nutrient testing, and trinamiX GmbH, a leading provider of mobile spectroscopy, announced a partnership that sees the integration of trinamiX's high-performance hardware into AgroCares' next-generation Nutrient Scanner solution.

Competition is an important issue in any market research analysis. With the help of the competitive analysis provided in the report, players can easily study the key strategies employed by leading players in the Agricultural Chelates market. The major and emerging players of the Agricultural Chelates Market are closely studied considering their market share, production, sales, revenue growth, gross margin, product portfolio, and other important factors. This will help players familiarize themselves with the movements of their toughest competitors in the Agricultural Chelates market.

The segmental analysis section of the report includes a thorough research study on key Type and application segments of the Agricultural Chelates market

#### Agricultural Chelates Market By Type, 2023-2029, (USD Billion, Kilotons)

EDTA

DTPA

EDDHA

Others

#### Agricultural Chelates Market By Micronutrients, 2023-2029, (USD Billion, Kilotons)

Iron

Zinc

Maganese

Others

Agricultural Chelates Market By Crop Type, 2023-2029, (USD Billion, Kilotons)

Cereals & Grains

Oilseeds & Pulses

Fruits & Vegetables

Others

Agricultural Chelates Market By Application Technique, 2023-2029, (USD Billion, Kilotons)

Soil

Seed Dressing

Foliar Sprays

Fertigation

Others

If opting for the Global version of Agricultural Chelates Market; then the below country analysis would be included:

- North America (the USA, Canada, and Mexico)
- Europe (Germany, France, the United Kingdom, Netherlands, Italy, Nordic Nations, Spain, Switzerland, and the Rest of Europe)
- Asia-Pacific (China, Japan, Australia, New Zealand, South Korea, India, Southeast Asia, and the Rest of APAC)
- South America (Brazil, Argentina, Chile, Colombia, the Rest of the countries, etc.)
- the Middle East and Africa (Saudi Arabia, United Arab Emirates, Israel, Egypt, Turkey, Nigeria, South Africa, Rest of MEA)

#### Drivers:

Growing demand for high-quality crops

Rising incidence of micronutrient deficiencies

Low organic matter and high clay content in soil

Rapid adoption of modern farming practices

#### Restraints:

Soil and crop damage due to non-biodegradable chelates

Increasing adoption of organic fertilizers

Unawareness among farmers about chelates

#### Threats:

Competition from other micronutrient sources

Economic downturns impacting agricultural spending

Stringent regulations on chelate use

#### Opportunities:

Development of new and more efficient chelates

Expanding applications beyond micronutrient delivery

Increasing demand for organic chelates

Growing awareness of chelate benefits among farmers

Rising disposable income in developing countries

Here's how Exactitude Consultancy helps the stakeholders and CXOs through the reports:

Inculcation and Evaluation of Strategic Collaborations: The researchers analyse recent strategic activities like mergers, acquisitions, partnerships, collaborations, and joint ventures.

Perfect Market Size Estimations: The report analyses the demographics, growth potential, and capability of the Agricultural Chelates market through the forecast period.

This factor leads to the estimation of the Agricultural Chelates market size and also provides an outline about how the market will retrieve growth during the assessment period.

Investment Research: The report focuses on the ongoing and upcoming investment opportunities across a particular Agricultural Chelates market that will help the stakeholders to be aware of the current investment scenario across the market.

Reasons to Procure this Report:

The research would help top administration/policymakers/professionals/product advancements/sales managers and stakeholders in this market in the following ways.

The report provides Agricultural Chelates market revenues at the worldwide, regional, and country levels with a complete analysis to 2029 permitting companies to analyze their market share and analyze projections, and find new markets to aim for.

The research includes the Agricultural Chelates market split by different Types, applications, technologies, and end-uses. This segmentation helps leaders plan their products and finances based on the upcoming development rates of each segment.

Agricultural Chelates market analysis benefits investors by knowing the scope and position of the market giving them information on key drivers, challenges, restraints, and expansion chances of the market and moderate threats.

This report would help to understand competition better with a detailed analysis and key strategies of their competitors and plan their position in the business.

The study helps evaluate Agricultural Chelates business predictions by region, key countries, and top companies' information to channel their investments.

What is new in 2023?

- Major developments that can change the business landscape as well as market forecasts.
- Addition/refinement in segmentation–Increase in depth or width of segmentation of the market.

- Coverage of new market players and change in the market share of existing players of the Agricultural Chelates market.
- Updated financial information and product portfolios of players operating in the Agricultural Chelates market.
- Updated market developments of the profiled players.
- Any new data points/analysis (frameworks) which was not present in the previous version of the report

The new edition of the report consists of trends/disruptions on customer's business, tariff and regulatory landscape, pricing analysis, and a market ecosystem map to enable a better understanding of the market dynamics for Agricultural Chelates.

Customization services available with the report:

- Country level market for Agricultural Chelates market (up to 5)
- Profiling and additional market players (up to 5)
- Up to 40 hours of customization.
- post-sales support for 1 year from the date of delivery.

Please contact our sales professional ( [sales@exactitudeconsultancy.com](mailto:sales@exactitudeconsultancy.com) ), we will ensure you obtain the report which works for your needs.
