

# Ursodeoxycholic Acid Market Size to Surpass USD 1105 million by 2029, at a CAGR of 11%

*The global market for Ursodeoxycholic Acid was anticipated to grow from USD 432 million in 2020 to USD 1105 million by 2029 & expected to grow at a CAGR of 11%*

LUTON, BEDFORDSHIRE, UNITED KINGDOM, December 7, 2023

/EINPresswire.com/ -- Exactitude Consultancy, the market research and consulting wing of Ameliorate Digital Consultancy Private Limited has completed and published the final copy of the detailed research report on the [Ursodeoxycholic Acid Market](#).

Ursodeoxycholic acid (UDCA) is a naturally occurring bile acid that is found in small quantities in the human body. It is also available as a medication and is commonly used for the treatment of certain liver and gallbladder conditions. UDCA is classified as a bile acid because it is produced in the liver and plays a role in the digestion and absorption of fats.

“

Ursodeoxycholic acid or ursodiol is a naturally occurring bile acid that is used dissolve cholesterol gall stones and to treat cholestatic forms of liver diseases including primary biliary cirrhosis.”

Ursodeoxycholic Acid Market Top Key Players:

Some of the major players such as ICE, Mitsubishi Tanabe Pharma, Daewoong Chemical, PharmaZell GmbH, Zhongshan Belling, Dipharma Francis, Grindeks, Erregierre, Abil Chempharma, Biotavia Labs, ICE, Arcelor Chemicals. The research includes essential information about the Market players, such as company snapshots, financial position, recent developments, and other pertinent information. A few noteworthy variables are also given here, including the overall market scenario, to assist business people in achieving their business goals through these key players.

Recent Development:

ICE Pharma Group (IPG) is a generic pharmaceutical company with its own Marketing Authorizations (MAs) and experienced operational teams who can manage the manufacturing process through to a final product release into the European market.

Mitsubishi Tanabe Pharma develops ethical drugs for autoimmune disease, diabetes, kidney diseases, central nervous system (CNS) disorders, and others. It also develops vaccines for preventing various infectious diseases. Mitsubishi Tanabe also offers major products for skin conditions and digestive medicines.

PharmaZell offers a focused portfolio of small molecule APIs, together with custom development and manufacturing services for the generic and originator pharmaceutical industry. The company operates at three production sites, one in Germany and two in India.

Regional Share Analysis:

The global Ursodeoxycholic Acid by region includes North America, Asia-Pacific (APAC), Europe, South America, and Middle East & Africa (MEA).

North America: includes the US, Canada, Mexico

Asia Pacific: includes China, Japan, South Korea, India, Australia, ASEAN and Rest of APAC

Europe: includes UK, Germany, France, Italy, Spain, Russia, and Rest of Europe

South America: includes Brazil, Argentina and Rest of South America

Middle East & Africa: includes Turkey, UAE, Saudi Arabia, South Africa, and Rest of MEA

The North America and Europe regions are dominating the Global Market with the highest market stake and is predicted to grow substantially and dominate the Global Ursodeoxycholic Acid Market throughout the forecast period. North America holds for 36% of the global market

share.

## Global Ursodeoxycholic Acid: Research Methodology

The research methodology adopted by our company is the integration of primary research, secondary research, and expertise reviews. Secondary research is performed by considering the sources such as company annual reports, research papers, and press releases concerning the industry. Other sources involve industry magazines, trade journals, associations; the government authorized information in order to incorporate the most reliable data to showcase the opportunities for the business expansion in Global Ursodeoxycholic Acid.

## Frequently Asked Questions Section

What are the growth opportunities related to the adoption of Ursodeoxycholic Acid across major regions in the future?

What are the new trends and advancements in the Ursodeoxycholic Acid market?

Which product categories are expected to have highest growth rate in the Ursodeoxycholic Acid market?

Which are the key factors driving the Ursodeoxycholic Acid market?

What will the market growth rate, growth momentum or acceleration the market carries during the forecast period?
