

Forty-four Future Electronics Leaders Complete Queens University Workplace Mental Health Leadership Certificate

44 Future Electronics leaders have completed Workplace Mental Health Leadership Certificate from Queens University as part of ongoing workplace wellness program

MONTREAL, QUEBEC, CANADA, December 19, 2023 / EINPresswire.com/ -- Future Electronics, a leading global distributor of electronic components, is proud to announce that 44 of the Company's managers and executives have completed the Workplace Mental Health Leadership Certificate from Queens University.

The highly recognized program, created by Queen University in collaboration with TELUS Health, [was launched at Future Electronics](#) at the beginning of the summer of 2023. Queens University describes the program as a "focus on fostering leadership practices and competencies that support the development of a mentally healthy workplace. It equips leaders to effectively respond to and manage mental health challenges in the workplace. The practical framework and leadership skills introduced in the program align with evidence-based and industry best practices, including the National Standard for Psychological Health and Safety in the Workplace."

The certificate consists of three modules: Promoting a Mentally Healthy Workplace, Factors that Influence Mental Health and the Leaders' Role in Early Intervention, and The Leader's Role in Recovery and Return to Work. Each module includes in-class lessons, eLearning, and a final exam.
