

New Romance Novel, "The Secret Billionaire's Missing Date: A BWWM Romance," Set to Captivate Readers Worldwide

Prepare to be transported into a world of passion, secrets, and suspense as Dee Markwith takes the literary world by storm with his latest masterpiece.

WARREN, MAINE, UNITED STATES, December 7, 2023 /EINPresswire.com/ -- Renowned author Dee Markwith is stealing hearts and igniting imaginations with the re-release of, "The Secret Billionaire's Missing Date: A BWWM Romance." This acclaimed novel is a captivating story of romance, enigma, and undisclosed truths.

Markwith began his literary journey in a small coastal town in Maine, turning to creative writing to channel his overactive imagination. With New England's long, harsh winters too much to bear, Markwith packed his belongings and sought a new life for himself in the Southwestern desert, where he continued to explore his creative side.

After working as an editor for a small, in-house publishing company, Markwith daringly surprised this publisher with a novel of his own. They went on to release the book, and it was met with immediate praise, quickly achieving critical and commercial success. However, the book was released under a pseudonym, and Markwith saw little monetary compensation. His subsequent two books suffered the same fate, being released under fictitious names, and with little financial reward. Robbed of the recognition and compensation he rightfully deserved, Markwith fought to get his books pulled, and eventually won the battle. Finally, Markwith's books have been re-released with proper credit given to this remarkable storyteller.

Originally released under the pseudonym "Nia Wilson," Markwith's second book, "The Secret Billionaire's Missing Date," was an instant hit, with five-star reviews pouring in from the start. Now, this riveting page-turner is available again with Markwith receiving the recognition he
