

Fiberglass Roving Market to hit USD 18.86 Billion by 2030, grow at a CAGR of +8.34% | Exactitude Consultancy

Fiberglass Roving Market Analysis Report by Product Type, by Application and by End Users: Global Opportunity Analysis and Industry Forecast 2030

LUTON, BEDFORDSHIRE, UNITED KINGDOM, December 8, 2023 /EINPresswire.com/ -- "Exactitude Consultancy That Adds Flavour To Your Success"

The Global [Fiberglass Roving](#) Market Size, Scope, and Forecast 2024-

2030 report has been added to the Market research collection of Exactitude Consultancy reports. Industry experts and researchers have offered an authoritative and concise analysis of the Fiberglass Roving Market with respect to various aspects such as growth factors, challenges, restraints, developments, and opportunities for growth. This report provides a pin-point analysis

“

Growing construction and infrastructure projects fuel demand for strong and lightweight fiberglass roving in composite materials”

Exactitude Consultancy

of changing dynamics and emerging trends in the Fiberglass Roving Market. Additionally, it provides a futuristic perspective on various factors that are likely to fuel the growth of the Worldwide Fiberglass Roving Market in the coming years.

The fiberglass roving market is expected to grow at 8.34 % CAGR from 2024 to 2030. It is expected to reach above USD 18.86 Billion by 2030 from USD 9.17 Billion in 2022.

Some of the key players profiled in the study are Taiwan Glass Industry Corp., Owens Corning,

China Beihai Fiberglass Co. Ltd., Saint-Gobain S.A., AGY Holdings Corp, Binani Industries Ltd, Nippon Electrical Glass Co. Ltd, Taishan Fiberglass Inc., Jushi India Fiberglass (P) Ltd, Johns Manville and other Prominent players.

Recent News:

August 2021, Owens Corning introduced PINK Next Gen Fiberglass insulation, this product results in higher performance than the company's other products. Such new product launches will benefit the growth of the market.

April 2021, Jushi India Fiberglass (P) Ltd. was completed with a capacity of 1,00,000 MT. Jushi's product range includes direct roving, assembled roving, chopped strand, chopped strand mat, woven roving, yarn, and other forms of fiberglass raw materials.

Competition is an important issue in any market research analysis. With the help of the competitive analysis provided in the report, players can easily study the key strategies employed by leading players in the Fiberglass Roving market. The major and emerging players of the Fiberglass Roving Market are closely studied considering their market share, production, sales, revenue growth, gross margin, product portfolio, and other important factors. This will help players familiarize themselves with the movements of their toughest competitors in the Fiberglass Roving market.

The segmental analysis section of the report includes a thorough research study on key Type and application segments of the Fiberglass Roving market

Fiberglass Roving Market by Product Type, 2024-2030, (USD Billion), (Kilotons).

Single-End Roving

Multi-End Roving

Chopped Roving

Fiberglass Roving Market by Glass Type, 2024-2030, (USD Billion), (Kilotons).

E-Glass

ECR-Glass

H-Glass

AR-Glass

S-Glass

Fiberglass Roving Market by End User, 2024-2030, (USD Billion), (Kilotons).

Transportation

Construction & Infrastructure

Electrical & Electronics

Pipes & Tanks

Marine

Aerospace & Defense

Wind Energy

If opting for the Global version of Fiberglass Roving Market; then the below country analysis would be included:

– North America (North America is a prominent market for fiberglass roving. The region encompasses the US, Canada, and Mexico, all of which contribute to the demand for fiberglass roving. North America’s strong construction industry, advanced automotive sector, and aerospace industry create substantial opportunities for fiberglass roving usage. Additionally, the region’s emphasis on renewable energy, including wind power, drives the need for fiberglass roving in wind turbine manufacturing. North America’s commitment to technological advancements, innovation, and sustainability further supports the growth of the fiberglass roving market in the region.)

– Europe (Germany, France, the United Kingdom, Netherlands, Italy, Nordic Nations, Spain, Switzerland, and the Rest of Europe)

– Asia-Pacific (Asia Pacific is a key consumer of fiberglass roving, representing a significant market share. The region’s strong demand for fiberglass roving is driven by various factors. The rapid industrialization and infrastructure development in countries like China, India, and Southeast Asian nations contribute to the increased consumption of fiberglass roving in construction, automotive, and other industries. Additionally, the growing manufacturing sector, rising population, and urbanization drive the demand for fiberglass roving in the Asia Pacific region. The presence of major end-use industries and the continuous growth of emerging economies in the region further solidify its position as a key consumer of fiberglass roving.)

– South America (Brazil, Argentina, Chile, Colombia, the Rest of the countries, etc.)

– the Middle East and Africa (Saudi Arabia, United Arab Emirates, Israel, Egypt, Turkey, Nigeria, South Africa, Rest of MEA)

Important years considered in the Fiberglass Roving study:

Historical year – 2018-2021;

Base year – 2022;

Forecast period** – 2024 to 2030 [** unless otherwise stated]

Here's how Exactitude Consultancy helps the stakeholders and CXOs through the reports:

Inculcation and Evaluation of Strategic Collaborations: The researchers analyse recent strategic activities like mergers, acquisitions, partnerships, collaborations, and joint ventures.

Perfect Market Size Estimations: The report analyses the demographics, growth potential, and capability of the Fiberglass Roving market through the forecast period.

This factor leads to the estimation of the Fiberglass Roving market size and also provides an outline about how the market will retrieve growth during the assessment period.

Investment Research: The report focuses on the ongoing and upcoming investment opportunities across a particular Fiberglass Roving market that will help the stakeholders to be aware of the current investment scenario across the market.

Reasons to Procure this Report:

The research would help top administration/policymakers/professionals/product advancements/sales managers and stakeholders in this market in the following ways.

The report provides Fiberglass Roving market revenues at the worldwide, regional, and country levels with a complete analysis to 2030 permitting companies to analyze their market share and analyze projections, and find new markets to aim for.

The research includes the Fiberglass Roving market split by different Types, applications, technologies, and end-uses. This segmentation helps leaders plan their products and finances based on the upcoming development rates of each segment.

Fiberglass Roving market analysis benefits investors by knowing the scope and position of the

market giving them information on key drivers, challenges, restraints, and expansion chances of the market and moderate threats.

This report would help to understand competition better with a detailed analysis and key strategies of their competitors and plan their position in the business.

The study helps evaluate Fiberglass Roving business predictions by region, key countries, and top companies' information to channel their investments.

What is new in 2024?

- Major developments that can change the business landscape as well as market forecasts.
- Addition/refinement in segmentation–Increase in depth or width of segmentation of the market.
- Coverage of new market players and change in the market share of existing players of the Fiberglass Roving market.
- Updated financial information and product portfolios of players operating in the Fiberglass Roving market.
- Updated market developments of the profiled players.
- Any new data points/analysis (frameworks) which was not present in the previous version of the report

The new edition of the report consists of trends/disruptions on customer's business, tariff and regulatory landscape, pricing analysis, and a market ecosystem map to enable a better understanding of the market dynamics for Fiberglass Roving.

Customization services available with the report:

- Country level market for Fiberglass Roving market (up to 5)
- Profiling and additional market players (up to 5)
- Up to 40 hours of customization.
- post-sales support for 1 year from the date of delivery.

Please contact our sales professional (sales@exactitudeconsultancy.com), we will ensure you obtain the report which works for your needs.
