

# Notice to American Trust Investment Services Customers Who Suffered Losses in GWG L Bonds: Contact KlaymanToskes

*American Trust Investment Services Customers: KlaymanToskes Continues to File Claims for GWG L Bond Investors*

NEW YORK, NY, USA, December 8, 2023 /EINPresswire.com/ -- National investment loss attorneys [KlaymanToskes](#) continues to investigate American Trust Investment Services on behalf of GWG L Bond investors. The firm believes many investors are still suffering from the aftermath of GWG Holdings' bankruptcy filing in April 2022, which has yet to be resolved. Customers of American Trust Investment Services who have suffered investment losses due to GWG L Bonds and/or other alternative investments should contact the firm immediately at 888-997-9956 to discuss alternative recovery options.

In April 2022, GWG Holdings, Inc. filed for bankruptcy, suspending their monthly dividends and leaving investors without access to their principal. In August 2023, the GWG L Bonds were canceled, and investors were issued "Interests" in the Wind Down Trust. The value of the Interests and timeline for the bankruptcy's resolution remain uncertain.

It is KlaymanToskes' opinion that the L Bondholders will NOT likely obtain a significant recovery from the bankruptcy proceeding and what they do receive will take significant time to recover. Accordingly, it is in L bondholders best legal interest to pursue FINRA arbitration claims against brokerage firms that sold this product, such as American Trust Investment Services.

The L bonds were marketed by many brokerage firms, including American Trust Investment

Services, as safe and low-risk investments that were instead illiquid, high-risk, and speculative. Financial professionals and their firms can be held accountable for investment losses incurred by customers if the investment was unsuitable for the customer's risk tolerance and objectives, or if they misrepresented the nature of the investment.

KlaymanToskes encourages bondholders to maximize their recovery of losses by filing FINRA arbitration claims against the brokerage firms and financial advisors who sold these illiquid investments.
