Some of the key players profiled in the study are BASF SE, The Dow Chemical Company, E. I. du Pont de Nemours and Company, Saint-Gobain S.A., Eastman Chemical Company, 3M Company, Akzo Nobel N.V, Sika AG, GAF Materials Corporation, Excel Coatings, Owens Corning, Carlisle Companies Inc. and other Prominent players.

Recent Developments

May 2, 2023 – Sika has finished purchasing MBCC Group after receiving all the regulatory permits. Sika expands its reach across all geographies, broadens its offering of goods and services across the full building life cycle, and accelerates the sustainable transformation of the construction sector with this highly complementary purchase.

May 2, 2023 – A formal agreement had been reached under which DuPont would purchase Spectrum Plastics Group from AEA Investors. Existing cash balances will be used to cover the purchase price. Subject to regulatory clearances and other typical closing conditions, the deal is anticipated to conclude by the end of the third quarter of 2023.

Competition is an important issue in any market research analysis. With the help of the competitive analysis provided in the report, players can easily study the key strategies employed by leading players in the Roofing Chemicals market. The major and emerging players of the Roofing Chemicals Market are closely studied considering their market share, production, sales, revenue growth, gross margin, product portfolio, and other important factors. This will help players familiarize themselves with the movements of their toughest competitors in the Roofing Chemicals market.

The segmental analysis section of the report includes a thorough research study on key Type and application segments of the Roofing Chemicals market

Roofing Chemicals Market by Type, 2024-2030, (USD Billion) (Kilotons)

Acrylic Resin

Asphalt/ Bituminous

Elastomer

Epoxy Resin

Styrene

Roofing Chemicals Market by Application, 2024-2030, (USD Billion) (Kilotons)

Membrane Roofing

Elastomeric Roofing

Bituminous Roofing

Metal Roofing

Plastic (PVC) Roofing

Roofing Chemicals Market by End Use Industry, 2024-2030, (USD Billion) (Kilotons)

Residential

Commercial

Others

If opting for the Global version of Roofing Chemicals Market; then the below country analysis would be included:

- North America (the USA, Canada, and Mexico)

- Europe (Germany, France, the United Kingdom, Netherlands, Italy, Nordic Nations, Spain, Switzerland, and the Rest of Europe)

- Asia-Pacific (The global market for roofing chemicals is believed to be dominated by the Asia-Pacific region with 45% market share. Due to the region's strong economic growth, increasing infrastructure construction activities, and population expansion in China and India, roofing chemicals have a lot of promise. Additionally, the market in North America should be stimulated by elements like the significant presence of important producers and the development of organic roofing materials. The industry should be boosted by Europe's tight regulatory framework for environmentally friendly roofing system components. The market for roofing chemicals is also being driven by the demand for high-performance roofing chemicals from the Middle East, Africa, and Latin America.)

- South America (Brazil, Argentina, Chile, Colombia, the Rest of the countries, etc.)

- the Middle East and Africa (Saudi Arabia, United Arab Emirates, Israel, Egypt, Turkey, Nigeria, South Africa, Rest of MEA)

Important years considered in the Roofing Chemicals study:

Historical year – 2018-2021;

Base year – 2022;

Forecast period** – 2024 to 2030 [** unless otherwise stated]

Here's how Exactitude Consultancy helps the stakeholders and CXOs through the reports:

Inculcation and Evaluation of Strategic Collaborations: The researchers analyse recent strategic activities like mergers, acquisitions, partnerships, collaborations, and joint ventures.

Perfect Market Size Estimations: The report analyses the demographics, growth potential, and capability of the Roofing Chemicals market through the forecast period.

This factor leads to the estimation of the Roofing Chemicals market size and also provides an outline about how the market will retrieve growth during the assessment period.

Investment Research: The report focuses on the ongoing and upcoming investment opportunities across a particular Roofing Chemicals market that will help the stakeholders to be aware of the current investment scenario across the market.

Reasons to Procure this Report:

The research would help top administration/policymakers/professionals/product advancements/sales managers and stakeholders in this market in the following ways.

The report provides Roofing Chemicals market revenues at the worldwide, regional, and country levels with a complete analysis to 2030 permitting companies to analyze their market share and analyze projections, and find new markets to aim for.

The research includes the Roofing Chemicals market split by different Types, applications, technologies, and end-uses. This segmentation helps leaders plan their products and finances based on the upcoming development rates of each segment.

Roofing Chemicals market analysis benefits investors by knowing the scope and position of the market giving them information on key drivers, challenges, restraints, and expansion chances of the market and moderate threats.

This report would help to understand competition better with a detailed analysis and key strategies of their competitors and plan their position in the business.

The study helps evaluate Roofing Chemicals business predictions by region, key countries, and top companies' information to channel their investments.

What is new in 2024?

- Major developments that can change the business landscape as well as market forecasts.
- Addition/refinement in segmentation-Increase in depth or width of segmentation of the market.
- Coverage of new market players and change in the market share of existing players of the Roofing Chemicals market.
- Updated financial information and product portfolios of players operating in the Roofing Chemicals market.
- Updated market developments of the profiled players.
- Any new data points/analysis (frameworks) which was not present in the previous version of the report

The new edition of the report consists of trends/disruptions on customer's business, tariff and regulatory landscape, pricing analysis, and a market ecosystem map to enable a better understanding of the market dynamics for Roofing Chemicals.

Customization services available with the report:

- Country level market for Roofing Chemicals market (up to 5)
- Profiling and additional market players (up to 5)
- Up to 40 hours of customization.
- post-sales support for 1 year from the date of delivery.

Please contact our sales professional (sales@exactitudeconsultancy.com), we will ensure you obtain the report which works for your needs.
