

# Sun City Aviation Empowers High School Students with Aviation 101 Program

*Sun City Aviation announces its Aviation 101 Program, inviting high school students aged 15 to 18 to embark on a 13-week journey into the world of aviation.*

HOLLYWOOD, FLORIDA, UNITED STATES, December 12, 2023 /EINPresswire.com/ -- Sun City Aviation proudly announces the commencement of its transformative [Aviation 101 High School Program](#), inviting ambitious students aged 15 to 18 to embark on a thrilling journey into the world of aviation.

Next Course Launches on January 13, 2024, Enrollments Open.

The Aviation 101 - Ground Training Program is a 13-week immersive experience crafted to introduce high school aged participants to the wonders of flight. Taking place every Saturday morning from 10 am to 12 pm, this course is a gateway to a deeper understanding of aircraft, aerodynamics, and the science behind flight. The culmination of this journey prepares students for the Private Pilot Written Exam, a crucial step towards a career in aviation.

“

Our program is about fostering a passion for aviation. We aim to equip young minds with both theoretical knowledge and practical experiences, setting them on a trajectory towards success in the skies.”

*Luke Poulos, Sun City Aviation CEO*

\*Private Pilot Written Exam qualification is valid for 24 calendar months following completion of the course.

Led by seasoned instructors, this program is an opportunity to ignite a lifelong passion for aviation from an early age. Sun City Aviation is committed to providing a

secure and enriching environment, nurturing the aspirations of future aviators while adhering to FAA-approved curriculum standards.

Students aged 15 to 18 will engage in dynamic and interactive learning sessions, laying a robust foundation for their aviation pursuits. With the potential to solo at 16 and attain a private pilot certificate by 17, participants will gain both theoretical expertise and hands-on skills.

The next Aviation 101 course kicks off on January 13, 2024.
