MINNEAPOLIS, MINNESOTA, UNITED STATES, December 12, 2023 /EINPresswire.com/ -- ACTIVE, a leading brand in appliance cleaning products, is pleased to announce the release of their updated Disposal Cleaner tablets with an improved formula that generates even more foam. These tablets are specifically designed to provide a superior cleaning for kitchen sink waste disposals, leaving them fresh and odor-free.

The newly enhanced Disposal Cleaner from ACTIVE is an all-in-one solution for maintaining the functionality and cleanliness of garbage disposal units. By using these tablets regularly, homeowners can ensure their sink disposals are not only clean but also odor-free.

ACTIVE Disposal Cleaner is designed to be simple to use. To achieve a sparkling clean and fresh-smelling kitchen sink disposal, just place a tablet into the disposal while it is running. This unique foam formula effectively removes stubborn grime, ensuring optimal disposal performance and eliminating unpleasant odors.

The updated Disposal Cleaner tablets from ACTIVE help alleviate worries about foul smells coming from kitchen garbage disposals. The tablets' citrus scent leaves behind a pleasant aroma, adding to the cleanliness effect. Additionally, the enhanced formula is tough on grime but gentle on the disposal, ensuring longevity and efficiency.
