

# Highlights from Construction Links Network - December 14, 2023

*The latest news, blogs and videos for the construction and building industry.*

SUNDRE, ALBERTA, CANADA,  
December 14, 2023 /  
EINPresswire.com/ -- Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more.

Members use this platform to share and onboard their digital content including news releases, company announcements, blogs, podcasts, webinars, case studies, whitepapers, videos and more.

Canada's construction sector, employing 1.5 million people, holds substantial economic influence. In 2016, concerns over payment delays sparked action. Effective December 9, 2023, Minister Jean-Yves Duclos has finally [introduced federal prompt payment legislation](#), aiming to resolve industry issues. This law mandates the government to settle invoices within 28 days, fostering timely payments across the chain.

Content this week includes:
