NEW YORK, N.Y., UNITED STATES,  
December 14, 2023 /  
EINPresswire.com/ -- Key Points:

- Kalegran B.V. becomes the eighth International Oil Company to join the Association of the Petroleum Industry of Kurdistan (APIKUR).
- Kalegran B.V., a subsidiary of MOL Group, has been a significant player in Kurdistan since 2007.

The Association of the Petroleum Industry of Kurdistan (APIKUR) welcomes Kalegran B.V., a wholly owned subsidiary of MOL Group, as its eighth member.

Kalegran B.V. has participated in the Kurdistan region's oil sector since 2007 and is 20% partner in the Shaikan Field alongside Gulf Keystone Petroleum, also a member of APIKUR. The company's commitment to the region and its significant contributions to the local oil and gas industry make it an invaluable member of APIKUR.

Hungarian-based MOL Group, the parent company of Kalegran B.V., has extensive operations in Central Eastern Europe including: three refineries, two petrochemical plants, and a network of 2,400 service stations. The MOL Group's international upstream portfolio spans across 10 countries, backed by 85 years of experience in hydrocarbon production.

Collectively, APIKUR members now produce more than 50 percent of all oil in Iraq's Kurdistan Region.

"With Kalegran B.V. (MOL Group) joining our ranks, APIKUR's voice in the petroleum industry becomes even more robust," said Myles B. Caggins III, APIKUR spokesman. "Kalegran B.V., along with our other member companies, is dedicated to advancing full oil production and exports for the benefit of stakeholders, employees, and the overall economy of Iraq."

APIKUR members encourage all parties to reach a commercial resolution that preserves their contractual rights and enhances the future investment climate of Iraq and the Kurdistan Region.
