Patient Lifting Equipment Market Top Key Players:

The patient lifting equipment market key players Arjo, Hill-Rom Holdings, Invacare Group, Prism Medical, Mangar Health, Joerns Healthcare, Etac AB, Drive DeVilbiss Healthcare, Sunrise Medical, Savaria Corporation.

Industry Developments:

01-11-2022: electroCore, Inc. (Nasdaq: ECOR), a commercial-stage, bioelectronic medicine company, announced on [specific date] that gammaCore Sapphire™, the first and only FDA cleared non-invasive device to treat and prevent multiple types of headache pain via the vagus nerve, would be distributed and billed exclusively by Joerns Healthcare, LLC (Joerns) within select managed care health systems.

29-07-2023: Sunrise Medical is pleased to have announced the launch of the new Empulse StreetJet, a power assist pull device that was super easy to dock thanks to the patented One Touch clamps. The Empulse StreetJet provided wheelchair users with loads of fun and an unrivaled driving experience.

Regional Share Analysis:

The Patient Lifting Equipment market by region includes North America, Asia-Pacific (APAC), Europe, South America, and Middle East & Africa (MEA).

North America: includes the US, Canada, Mexico

Asia Pacific: includes China, Japan, South Korea, India, Australia, ASEAN and Rest of APAC

Europe: includes UK, Germany, France, Italy, Spain, Russia, and Rest of Europe

South America: includes Brazil, Argentina and Rest of South America

Middle East & Africa: includes Turkey, UAE, Saudi Arabia, South Africa, and Rest of MEA

The market for patient lifting equipment in North America is sizable and expanding holds 49% of total market size. North America's patient lifting equipment industry is expanding steadily. With an ageing population and a growing demand for better healthcare services, the market for patient lifting devices such as hoists, slings, and transfer aids is experiencing a surge. The market is fiercely competitive, with several important competitors offering cutting-edge technological

items. Strict safety requirements and a focus on patient comfort are driving market growth, making North America an important region for patient lifting equipment manufacturers and suppliers.

The patient lifting equipment market in Asia Pacific is witnessing significant growth. Factors such as the aging population, increasing prevalence of chronic diseases, and growing awareness about patient safety are driving the demand for lifting devices. Additionally, technological advancements and favorable government initiatives are contributing to market expansion, creating lucrative opportunities for manufacturers in the region.
