MELBOURNE, FL, UNITED STATES, December 28, 2023 / EINPresswire.com/ -- Amidst the bustling wedding scene in Brevard County, [Bonita Ranch](#) emerges as an eco-conscious [wedding venue in Melbourne, Florida](#), drawing inspiration from Mediterranean aesthetics reminiscent of Italian or Spanish villas. Florida typically hosts approximately 180,000 to 200,000 weddings annually. Within this expansive industry, substantial waste is generated, largely stemming from single-use decorations and packaging.

"At Bonita Ranch, our commitment extends beyond creating memorable weddings. Our 'nursery to table' philosophy not only minimizes decoration waste but also empowers couples to nurture sustainability and significant savings while celebrating their love. Our live nursery plants, doubling as elegant table centerpieces and heartfelt 'party favors,' symbolize the enduring growth of the love celebrated—a living reminder that flourishes just like the bonds formed on that special day." - Yenny Passanante, Owner and General Manager of Bonita Ranch

Bonita Ranch is swiftly gaining recognition, not only for its Mediterranean-inspired concept woven throughout its plant growth and Ranch design but also for its amenities, including

spacious get-ready suites for both partners, generous parking, and an innovative reception area seamlessly transitioning from outdoors to indoors at the touch of a button, granting couples the flexibility to choose between outdoor or indoor celebrations.
